

Summer Internships

@Chemonics

CHEMONICS-US SEEKS STUDENTS AND UPCOMING GRADUATES WHO... Have a passion for making a difference in the lives of people around the world!

Chemonics' Summer Internship Program is a full-time, paid professional development experience offering a diverse group of motivated students and recent graduates the opportunity to gain first-hand experience in international development.

Chemonics is an employee-owned international development firm with decades of experience operating in the most complex social and political environments in the world with the technical expertise to quickly mobilize resources, seamlessly adapt to change, and strategically apply lessons learned across thousands of projects.

Chemonics is also a flexible, adaptable, and supportive workplace. Full-time staff successfully engage with colleagues and contribute to projects whether working remotely, in-person, or in hybrid arrangements.

2023 Summer Internship Opportunity Highlights

Here are *some* of the divisions and teams that will be hosting interns:

- Middle East and North Africa
- Asia: New Business Team, Energy Practice, and Water & Sustainable Cities Practice
- Global Health
- Health Supply Chain Business Line, Executive Vice President's Office
- HSC Office of Finance and Compliance
- HSC Supply Chain Management
- West and Central Africa and Haiti
- US Government Strategy: Private Sector Engagement Technical Practice and Evidence & Learning/Monitoring and Evaluation
- Europe and Eurasia: Economic Growth and Trade and NB
- Human Resources Division
- Global Safety and Security Team
- Communications Team
- Scaled Impact through Innovation and Investment
- USG Business Line, Private Sector Engagement
- Human Resources (HRD) Compensation Team
- HRD Diversity, Equity, and Inclusion
- Latin America and the Caribbean
- Ethics and Compliance
- Global Technology and Infrastructure

These are a few examples of the knowledge, skills, and experience teams are looking for in successful applicants:

The Internship Experience

Learning. Interns participate in learning events and engage in discussions with Chemonics' senior staff and experts.

Training. Interns receive custom training that helps equip them to become future leaders in the field.

Development. Interns work on meaningful and engaging tasks that contribute to the important daily work of Chemonics' teams, as they develop essential skills that prepare them for career success.

Exposure. Interns observe and experience the *real* work of international development implementation, gaining exposure to such areas as USAID contracting and compliance, and Chemonics' systems, processes, and technical capacities.

Applying to the Summer Internship Program

The program is open to undergraduate and graduate students. Qualifications include:

- Current sophomore, junior, senior, first- or second-year graduate student, or 2023 graduate from a bachelor's or master's program
- Good academic standing
- Demonstrated interest in international development
- English proficiency
- Legal authorization to work in the United States

Applications will post in mid-January and final selections will be made no later than March

Reasonable Accommodations:

Persons with disabilities who need to request reasonable accommodations during the application process should communicate their request to 202-524-7706 or

ApplicantRequest@chemonics.com.

Chemonics is an equal opportunity/affirmative action employer and does not discriminate in its selection and employment practices. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disability, protected veteran status, genetic information, age, or other legally protected characteristics. Military veterans, AmeriCorps, Peace Corps, and other national service alumni are encouraged to apply.
