Definition of Sites Requiring "Net Drop" Pricing.

Per drop pricing susges a fixed unit rate to a locitity that is applied for a vendor to deliver to the facility, regardless of method of transport. This pricing is often stabled either a facility cannot be reached using conventional vehicles (be they did or otherwise), and therefore per implicing no longer holds. These facilities may require specialized equipment (i.e., winches, and tracks, hi-fill jack) and/or one or more forms of unconventional transportation (i.e. waster-based transportation

										accommodated in	per kill pricing using the 2	ov venicie category, a	and should not be included in the list of sites	requiring per drop pricing.
