

Climate Finance for Development Accelerator
Request for Proposals # 2023-0008-RFP
Indefinite Quantity Subcontract (IQS) Request for Proposals (RFP)

Dear Offeror,

Chemonics International Inc. (hereinafter referred to as “Chemonics”), as implementer of the Climate Finance for Development Accelerator (CFDA), USAID Contract No. 7200AA22C00044, is issuing an Indefinite Quantity Subcontract Request for Proposals (IQS RFP) for an organization (referred to as the “Anchor Partner”) to lead the Coastal Resilience, Carbon, and Conservation Finance Facility (C3F) – a blue carbon and coastal resilience activity managed by CFDA. The attached IQS RFP contains all the necessary information for interested Offerors.

The United States Agency for International Development (USAID) Climate Finance for Development Accelerator (CFDA), also known as the “Accelerator” and implemented by Chemonics, is a \$250 million initiative designed to mobilize \$2.5 billion in public and private climate investments by 2030. These investments will fund a range of climate change mitigation and adaptation activities focused on scaling up the transition to an equitable and resilient net-zero economy.

Following this RFP, Chemonics anticipates awarding a single-holder Indefinite Quantity Subcontract (IQS) with a ceiling value of \$750,000 along with an initial sub-Task Order (STO) valued between \$350,000 and \$375,000. During implementation of the work solicited in this RFP, the IQS instrument will serve as the governing subcontract for the work and relationship between the contractor and subcontractor, while the TO instruments will be used by the contractor to order work from the subcontractor as needed, within the parameters of the IQS. Only IQS holders may bid on TOs under the IQS.

This IQS RFP does not obligate Chemonics to execute a subcontract nor does it commit Chemonics to pay any costs incurred in the preparation and submission of the proposals. Furthermore, Chemonics reserves the right to reject any and all offers, if such action is considered to be in the best interest of Chemonics.

Sincerely,

CFDA Partnerships Team

******* ETHICAL AND BUSINESS CONDUCT REQUIREMENTS *******

Chemonics is committed to integrity in procurement, and only selects suppliers based on objective business criteria such as price and technical merit. Chemonics expects suppliers to comply with our Standards of Business Conduct, available at <https://www.chemonics.com/our-approach/standards-business-conduct/>.

Chemonics does not tolerate fraud, collusion among offerors, falsified proposals/bids, bribery, or kickbacks. Any firm or individual violating these standards will be disqualified from this procurement, barred from future procurement opportunities, and may be reported to both USAID and the Office of the Inspector General.

Employees and agents of Chemonics are strictly prohibited from asking for or accepting any money, fee, commission, credit, gift, gratuity, object of value or compensation from current or potential vendors or suppliers in exchange for or as a reward for business. Employees and agents engaging in this conduct are subject to termination and will be reported to USAID and the Office of the Inspector General. In addition, Chemonics will inform USAID and the Office of the Inspector General of any supplier offers of money, fee, commission, credit, gift, gratuity, object of value or compensation to obtain business.

Offerors responding to this IQS RFP must include the following as part of the proposal submission:

- Disclose any close, familial, or financial relationships with Chemonics or project staff. For example, if an offeror's cousin is employed by the project, the offeror must state this.
- Disclose any family or financial relationship with other offerors submitting proposals. For example, if the offeror's father owns a company that is submitting another proposal, the offeror must state this.
- Certify that the prices in the offer have been arrived at independently, without any consultation, communication, or agreement with any other offeror or competitor for the purpose of restricting competition.
- Certify that all information in the proposal and all supporting documentation are authentic and accurate.
- Certify understanding and agreement to Chemonics' prohibitions against fraud, bribery and kickbacks.

Please contact **Anne Spahr** at aspahr@chemonics.com with any questions or concerns regarding the above information or to report any potential violations. Potential violations may also be reported directly to Chemonics at to BusinessConduct@chemonics.com or by phone/Skype at 888.955.6881.

Section I. Instructions to Offerors

I.1. Introduction

Chemonics, the Buyer, acting on behalf of the U.S. Agency for International Development (USAID) and the Climate Finance for Development Accelerator (CFDA), under contract number 7200AA22C00044 is soliciting offers from companies and organizations to submit proposals to lead the Coastal Resilience, Carbon, and Conservation Finance Facility (C3F), a core activity of CFDA, and a technically relevant community of practice.

CFDA is an eight-year project financed by USAID and implemented by Chemonics International. The goal of the project is to embrace client-centered approaches in collaboration with USAID, DFC, other USG agencies, development partners, the private sector, and diverse local stakeholders to align interventions with mission priorities, funding requirements, and climate objectives. CFDA will harness a new generation of climate entrepreneurs producing innovative solutions to monumental challenges and shift stakeholder mindsets to recognize the value of harnessing local knowledge, expertise, and solutions in a locally led Climate Finance Ecosystem (CFE). CFDA will: (1) adopt a *flexible and client-centered* approach, providing USAID missions a mechanism to quickly access tools, information, and technical assistance to capitalize on climate finance opportunities that align with mission needs; (2) utilize a *platform for partnership facilitation* that co-creates innovative and inclusive climate partnerships at the global, regional, and country levels and pairs these with results-based grants and subcontracts to de-risk investments and advance new partnerships initiative (NPI) and localization; (3) *elevate learning* to help USAID acquire and share evidence to promote more inclusive, locally led, and climate-smart development models; and (4) *focus on impact*, using a facilitative process that catalyzes at least \$2.5 billion in non-USG finance, maximizes DFC and other USG tools, and helps at least 20 countries' CFEs sustain equitable, resilient net-zero economies.

Chemonics anticipates issuing an award to one company or organization. The award will be in the form of an indefinite quantity subcontract (IQS) with STOs issued priced on a firm fixed price basis (hereinafter referred to as "the IQS"). The successful Offeror(s) shall be required to adhere to the statement of work and terms and conditions of the IQS, which are incorporated in Annex 5 herein.

Offerors are invited to submit proposals in response to this IQS RFP in accordance with **Section I Instructions to Offerors**, which will not be part of the IQS. The instructions are intended to assist interested Offerors in the preparation of their offer. Any resulting subcontract will be guided by Sections II and Annex 5. Chemonics will subsequently solicit individual orders for the scope of services requested. These individual orders are called STOs. While the IQS will contain the main terms and conditions and the pricing methodology to be used in negotiating STOs, each STO will contain specific information regarding the services being requested by CFDA the period of performance, deliverables, and other details about the specific work ordered. STOs issued under the IQS will be on a Fixed Price STOs basis. The Offeror shall develop a budget (i.e., cost proposal) for each STO using the pricing methodology set forth in the IQS. Chemonics will not reimburse the Offeror for any costs associated with managing the IQS; each STO must stand on its own.

This IQS RFP does not obligate Chemonics to execute any STOs nor does it commit Chemonics to pay any costs incurred in the preparation and submission of the proposals. Furthermore, Chemonics reserves the right to reject any and all offers, if such action is considered to be in the best interest of Chemonics.

Unless otherwise stated, the periods named in the IQS RFP shall be consecutive calendar days.

Section I.1 Chronological List of Proposal Events

The following calendar summarizes important dates in the solicitation process. Offerors must strictly follow these deadlines.

Original RFP issuance date	July 17, 2023
Amendment date	August 2, 2023
Deadline for written questions	July 26, 2023
Deadline for CFDA to provide answers to questions	August 2, 2023
Proposal due date	August 17, 2023
Subcontract award (estimated)	September 11, 2023

The dates above may be modified at the sole discretion of Chemonics. Any changes will be published in an amendment to this RFP.

Written Questions and Clarifications. All questions or clarifications regarding this RFP must be in writing and submitted to <https://airtable.com/appdvtTQ99F3IQ2nB/shrY5I0ouhTIGPkaH> later than **July 26, 2023 at 11:59pm EDT**. Questions and requests for clarification, and the responses thereto, will be shared via the Climate Finance Investment Network on August 2, 2023. It is the responsibility of offerors to check for answers to questions, as Chemonics will not provide individual responses.

Only written answers from Chemonics will be considered official and carry weight in the RFP process and subsequent evaluation. Any answers received outside the official channel, whether received verbally or in writing, from employees or representatives of Chemonics International, the C3F project, or any other party, will not be considered official responses regarding this RFP.

Proposal Submission Date. All proposals must be received by **August 17, 2023, at 11:59pm EDT** and complying with the instructions as provided in Section I.3.

Subcontract Award (estimated). Chemonics will select the proposal that offers the best value based upon the evaluation criteria stated in this RFP.

I.2. Submission of Offers

Proposals must be submitted electronically only.

A. Instructions for the Submission of Electronic Copies

Offerors shall submit their offers electronically via the following link <https://airtable.com/appdvtTQ99F3IQ2nB/shrISY4287gC7A9ir> to CFDA and should reference RFP No. 2023-0008-RFP.

Offerors are responsible for ensuring that their offers are received in accordance with the instructions stated herein. Late offers may be considered at the discretion of Chemonics. Technical and cost proposals must be submitted electronically no later than the time and date specified in I.1.

The Offeror must submit the proposal electronically through Airtable (10 MB limit per attached file) compatible with MS Word, MS PowerPoint, MS Excel, readable format, or Adobe Portable Document (PDF) format in a Microsoft XP environment. Offerors must not submit zipped files. Those pages requiring original manual signatures should be scanned and sent in PDF format or signed using e-signatures.

Technical proposals must not make reference to pricing data in order that the technical evaluation may be made strictly on the basis of technical merit.

I.3. Requirements

To be determined responsive, an offer must include all of documents and sections included in I.3.B.

A. General Requirements

Chemonics anticipates issuing an IQS to one US or international organizations provided it is legally registered and recognized under the laws of the country where it is headquartered and is in compliance with all applicable civil, fiscal, and other applicable regulations. Such a company or organization could include a private firm, non-profit, civil society organization, or private university.

Companies and organizations that submit proposals in response to this IQS RFP must meet the following requirements:

1. Companies or organizations, whether for-profit or non-profit, must be legally registered under the laws of the country where it is headquartered upon award of the subcontract.
2. Firms operated as commercial companies or other organizations or enterprises (including nonprofit organizations) in which foreign governments or their agents or agencies have a controlling interest **are not eligible** as suppliers of commodities and services.
3. Companies or organizations, whether for-profit or non-profit, shall be requested to provide a UEI number if selected to receive a subcontract through this solicitation.

B. Required Proposal Documents

1. Cover Letter

The offeror shall use the cover letter provided in Annex 1 of this RFP, which confirms organizational information and consent to the validity of this proposal.

2. IQS Technical Proposal

Offerors must prepare and submit an IQS-specific technical proposal presented in a slide deck with a maximum number of 15 slides. The technical proposal shall respond to and include the following:

Corporate Capabilities, Experience, and Past Performance

- A description of the company and organization, with appropriate reference to any parent company and subsidiaries
- Details demonstrating the offeror's experience, technical ability, and recognized leadership in supporting blue carbon/coastal resilience programs
- Three past performance references of similar work implemented within the past three years that best illustrate experience relevant to this RFP or similar activities. These references should include contact information (name, email, and phone number of point of contact and name and address of the company/donor). See the example below.

#	Client Name, Address/Location, Telephone Number, Email	Contract or Purchase Order Number	Description of Activities or Work	Date of Work	Cost in USD
1					
2					
3					

Technical Approach

- Demonstration of the offeror’s understanding of the challenges preventing private capital from blue carbon and coastal resilience programs
- Demonstration of the offeror’s understanding of activities that enhance coastal resilience and that could generate blue carbon credits, and the policy environments that enable or constrain them
- Demonstration of the offeror’s understanding of existing networks for advancing blue carbon and coastal resilience and opportunities for C3F to leverage those networks
- Geographic strategy demonstrating how the offeror plans to adapt to different USAID priority countries and markets with stakeholders and investors
- Social inclusion strategy demonstrating how the offeror proposes to integrate local communities and benefit-sharing in different countries and markets with a variety of stakeholders and investors

Management Approach and Key Personnel

- Detailed description of the proposed management approach
- Presentation of up to three key personnel positions and named staff
 - Offerors must include CVs (maximum of 2 pages each) for named personnel in an annex to the technical proposal (not included within the slide deck and will not count against the page limit)
- Staffing plan in a table that details roles/responsibilities and qualifications of all personnel required to implement the technical proposal

Note that key personnel are considered to be essential to the work being performed thereunder. Prior to replacing any of the specified individuals, the Subcontractor must immediately notify Chemonics reasonably in advance and must submit written justification (including proposed substitutions) in sufficient detail to permit evaluation of the impact on the program. No diversion or replacement of such personnel shall be made by the Subcontractor without the prior written approval of Chemonics and USAID, through Chemonics, if required. The listing of key personnel may, with the consent of the contracting parties, be amended from time to time during the course of this Subcontract to add, change, or delete personnel and positions, as appropriate. Chemonics may request the replacement of Subcontractor personnel at its sole discretion. Chemonics will not pay for early repatriation of departing long-term personnel, or fielding costs of replacement personnel, respectively, without the prior written approval of the USAID Contracting Officer through Chemonics

Chemonics reserves the right to contact provided references to verify and, if applicable, request further information. Chemonics reserves the right to obtain past performance information obtained from sources

other than those identified by the offeror. Chemonics shall determine the relevance of similar past performance information.

The sections of the technical proposal stated above must respond to the detailed information set out in Section II of this IQS RFP, which provides the background, states the scope of work, and describes the deliverables.

3. Cost Proposal

CFDA anticipates awarding one (1) Indefinite Quantity Subcontract (IQS) with a ceiling value of \$750,000 along with an initial firm fixed price sub-Task Order (STO) valued between USD\$350,000-\$375,000. The final amount will be dependent upon the activities proposed and final negotiation and may be lower than that range. The duration of any award under this solicitation is expected to be no more than two years. The cost proposal is used to determine which proposals represent the best value and serves as a basis of negotiation before award of a subcontract.

Offerors are requested to include the **total proposed fixed price for sub-Task Order 1 along with details for specific deliverable pricing and an illustrative future Task Order.** To do this, Offerors must use the Microsoft Excel cost/budget template included in Annex 2. Additionally, Offerors must provide notes explaining the cost proposal in the Excel budget and, optionally, in Microsoft Word or PDF. Specifically, the cost proposal notes should include a cost breakdown of the daily rates for proposed personnel with an explanation of the build-up to their total proposed price or include documentation to substantiate price reasonableness (e.g., commercial rates).

Please refer to Annex 2 for detailed instructions and the detailed budget format required. Offerors should include the cost for deliverables 1-11 in Section II.5 Schedule of Deliverables. Offerors should assume 5 days of travel for two travelers to Senegal for deliverable #9 and use a plug figure for travel and per diem of \$10,000.

The tables in the MS Excel Spreadsheet (Annex 2) contain the list of services that may be ordered under this IQS. Offerors are requested to complete these tables and provide a signed/stamped version that is submitted separately from the technical proposal. The per-unit price list detailed within the IQS will consist of all-inclusive fixed prices. No profit, fees, taxes, or additional costs can be added to these units after award. Prices shall be inclusive of:

- Salary cost or consulting fee of the individual(s) providing the services;
- Salary cost or consulting fee of the individual(s) performing key personnel services;
- Payroll costs (e.g., fringe benefits, social insurance, bank fees);
- Indirect costs applicable to labor (e.g., corporate overhead or management/administrative fee);
- Indirect costs applicable to non-labor costs (e.g. corporate overhead or management/administrative fee applied to other direct costs/materials);
- Materials costs for completion of activities including but not limited to rapid opportunity screenings and modular scopes of work (e.g., printing, stationary, refreshments for focus group, recording aids, projectors, computers, phones, communications equipment etc.);
- Personnel costs;
- Defense Based Act Insurance (DBA) requirements;
- Cost of fixing errors, omissions and responding to queries related to activities including but not limited to rapid opportunity screenings and modular scopes of work;

- Travel costs for personnel and any support personnel involved in the activity;
- Delivery costs for sending deliverables to Chemonics;
- Supervision and training costs;
- Costs associated with the preparation of Reports; and
- Reasonable profit or fee, if any.

Stipends and travel costs for any participants are not to be included in the costs. These costs, if applicable, will be covered separately and at-cost through each STO. In addition, software costs should not be included in the costs below; software required by the Subcontractor will be procured by Chemonics and provided in-kind.

All cost information must be expressed in USD. Offerors are invited to provide a narrative that accompanies each cost table that further elaborates the assumptions behind each unit cost.

Description and Specifications of Items	Unit	Unit Price

I.4. Indefinite Quantity Type Subcontract and Future STOs

a) This IQS RFP will result in the award of an indefinite quantity type subcontract with STOs issued thereunder priced on a firm fixed price basis to one offeror. CFDA will issue STO 1 with the award of the IQS which correspond to deliverables 1-8 in Section II.5 Schedule of Deliverables. Future STOs will be issued as the need arises. The award of the IQS – including quantities of supplies and services specified under it – are estimates only and are not purchased by the awarded IQS.

A Fixed Price STO is a subcontract for services, reports, or other tangible deliverables provided to and accepted by Chemonics on behalf of CFDA. As the name implies, the price of the STO is fixed, and it is not subject to any adjustment on the basis of the Subcontractor’s cost experience in performing the work.

b) Delivery or performance shall be made only as authorized by STOs issued in accordance with the Ordering Procedures contained within the IQS. The Subcontractor shall furnish to Chemonics, when and if ordered, the supplies or services specified in the SOW of this subcontract up to and including the quantity designated in the IQS as the “Maximum Subcontract Ceiling,” currently estimated at **USD\$750,000**. Chemonics will order at least the quantity of supplies or services designated in the subcontract as the “Minimum Order Guarantee.”.

c) Except for any limitations on quantities in the STO Limitations clause, there is no limit on the number of STOs that may be issued. Chemonics may issue STOs requiring delivery to multiple destinations or performance at multiple locations.

I.5. Source of Funding, Authorized Geographic Code

Any subcontract resulting from this IQS RFP will be financed by USAID funding and will be subject to U.S. Government and USAID regulations. All goods and services offered in response to this IQS RFP or supplied under any resulting award must meet USAID Geographic Code **935** in accordance with the United States Code of Federal Regulations (CFR), 22 CFR §228, available at: <https://www.ecfr.gov/cgi-bin/text-idx?SID=bc646daa32249b2fcda27d1fce1c8ed2&mc=true&node=pt22.1.228&rgn=div5>.

There is no cooperating country for this RFP.

Offerors may not offer or supply any products, commodities or related services that are manufactured or assembled in, shipped from, transported through, or otherwise involving any of the following countries: Cuba, Iran, North Korea, Syria. Related services include incidental services pertaining to any/all aspects of this work to be performed under a resulting contract (including transportation, fuel, lodging, meals, and communications expenses).

I.6. Validity Period

Offerors’ proposals must remain valid for 60 calendar days after the proposal deadline.

I.7. Evaluation and Basis for Award

An award will be made to the offeror whose proposal is determined to be responsive to this solicitation document, meets the eligibility criteria stated in this IQS RFP, meets the technical, management/personnel, and corporate capability requirements, and is determined to represent the best value to Chemonics. Best value will be decided using the tradeoff process.

This IQS RFP will use the tradeoff process to determine best value. That means that each proposal will be evaluated and scored against the evaluation criteria and evaluation sub-criteria, which are stated in the table below. Cost proposals are not assigned points, but for overall evaluation purposes of this IQS RFP, technical evaluation factors other than cost, when combined, are considered significantly more important than cost factors. If technical scores are determined to be equal or nearly equal, cost will become the determining factor.

In evaluating proposals, Chemonics will use the following evaluation criteria and sub-criteria:

Evaluation Criteria	Maximum Points
Corporate Capabilities, Experience, and Past Performance	
Company Background and Expertise – Chemonics will evaluate whether the company experience, technical ability, and recognized leadership is relevant to the project SOW	20 points
Past performance – Chemonics will assess the offerors past performance of similar size and scope	15 points
Total Points – Corporate Capabilities	35 points
Technical Approach	
Technical know-how – Chemonics will assess whether the proposal responds to the objectives stated in the SOW, and if the detailed activities and suggested timeline fulfill the requirements of executing the SOW effectively and efficiently.	15 points
Understanding of blue carbon/coastal resilience – Chemonics will assess the extent to which the offeror has demonstrated experience in, and understanding of, activities that enhance coastal resilience and that could generate blue carbon credits, and the policy environments that enable or constrain them.	10 points
Social inclusion – Chemonics will assess the extent to which the proposal demonstrates understanding of gender equality, on Indigenous Peoples and Local Communities, and inclusion and benefit-sharing in blue carbon and coastal resilience projects.	10 points
Total Points – Technical Approach	35 points
Management and Key Personnel	
Management approach – Chemonics will evaluate the soundness of the management approach required to implement the technical proposal	15 points

Evaluation Criteria	Maximum Points
Personnel Qualifications – Chemonics will evaluate the curriculum (CVs) of the proposed team members and evaluate if the offer has the personnel and management experience to implement the SOW	15 points
Total Points – Management	30 points
Total Points	100 points

Evaluation points will not be awarded for cost. Cost will primarily be evaluated for realism and reasonableness. If technical scores are determined to be nearly equal, cost will become the determining factor.

This IQS RFP utilizes the tradeoff process set forth in FAR 15.101-1. Chemonics will award a subcontract to the offeror whose proposal represents the best value to Chemonics and the CFDA/project. Chemonics may award to a higher priced offeror if a determination is made that the higher technical evaluation of that offeror merits the additional cost/price.

I.8. Negotiations

Best offer proposals are requested. It is anticipated that a IQS will be awarded solely on the basis of the original offers received. However, Chemonics reserves the right to conduct discussions, negotiations and/or request clarifications prior to awarding a IQS. Furthermore, Chemonics reserves the right to conduct a competitive range and to limit the number of offerors in the competitive range to permit an efficient evaluation environment among the most highly-rated proposals. Highest-rated offerors, as determined by the technical evaluation committee, may be asked to submit their best prices or technical responses during a competitive range. At the sole discretion of Chemonics, offerors may be requested to conduct oral presentations. If deemed an opportunity, Chemonics reserves the right to make separate awards per component or to make no award at all.

I.9. Terms of IQS

This is a request for proposals only and in no way obligates Chemonics to award a subcontract. In the event of IQS negotiations, any resulting IQS will be subject to and governed by the terms and clauses detailed in Annex 5. Chemonics will use the template shown in Annex 5 to finalize the IQS. Terms and clauses are not subject to negotiation. By submitting a proposal, offerors certify that they understand and agree to all of the terms and clauses contained in Annex 5.

I.10. Privity

By submitting a response to this request for proposals, offerors understand that USAID is NOT a party to this solicitation. Offerors agree that any protest to this RFP must be presented in writing with a full explanation of the offerors concerns to Chemonics for consideration. USAID will not consider protests made to USAID under USAID-funded projects. At its sole discretion, Chemonics will make a final decision on the protest at a level above the Chief of Party.

Section II Background, Scope of Work, Deliverables, and Deliverables Schedule

II.1 Background

Chemonics International is currently implementing the USAID Climate Finance for Development Accelerator (CFDA) which is designed to mobilize \$2.5 billion in public and private climate investments by 2030. These investments will fund a range of climate change mitigation and adaptation activities focused on scaling up the transition to an inclusive, equitable and resilient net-zero economy. CFDA is a platform designed to help countries meet their national commitments in alignment with the Paris Agreement through evidence-based solutions that respond to national contexts and address gaps in global, regional, and national climate finance ecosystems. The CFDA Activity is organized around the following three objectives that seek to mobilize financial resources for climate adaptation and mitigation priorities in an inclusive, equitable way:

- Objective 1: Develop and scale effective partnerships and new investment solutions to achieve transformational change in countries where USAID works.
- Objective 2: Improve the enabling environment and increase and broaden participation in climate finance including the range and diversity of stakeholders driving climate solutions.
- Objective 3: Expand local and global capacity to bring more resources into climate finance.

Coastal resilience and blue carbon present significant opportunities for achieving USAID's high-level climate goals, including attracting \$150 billion in public and private capital to climate finance; improving the climate resilience of 500 million people; and reducing, avoiding, or sequestering six GtCO₂e in partner countries by 2030. Sustainable management of coastal, marine, and freshwater resources is also critical to biodiversity conservation and development goals such as improved livelihoods and food security.

Blue carbon systems are some of the richest carbon stores on the planet, and the recovery, restoration and protection of coastal systems including mangrove and seagrass could remove 0.4-1.2 GtCO₂e/year globally; coastal wetlands are estimated to have annual soil carbon burial rates that are 30–50 times greater per hectare than those of terrestrial forests. Likewise, protecting and restoring coastal ecosystems is key to reducing coastal communities' vulnerability to climate change while generating many additional ecosystem service benefits, including food security and biodiversity protection. In many cases, coastal resilience approaches will be more cost-effective than engineered infrastructure, and they are increasingly being included in national adaptation plans and coastal management strategies.

Countries need to find ways to fund these approaches. Appropriately pricing and marketing these benefits (which have been estimated as high as \$200,000 per hectare of mangrove forest) is key to preserving these ecosystems. Despite strong demand signals, the supply of blue carbon projects remains scarce; to-date, blue carbon credits sales have been limited (~1 million credits) and most coastal wetland interventions have relied on grant capital. Similarly, nearly all coastal resilience projects to date have been financed through grant capital, despite massive benefits that come from these projects. Among the largest barriers to financing coastal resilience and blue carbon projects are a dearth of data and technical capacity needed to include these ecosystems in climate targets, gaps in knowledge on return on investment, and high upfront restoration costs and long-time horizons for returns. Another concern is that natural climate solution projects have a mixed track record of success in the voluntary carbon market in delivering conservation, biodiversity, and local community benefits, which may cause some governments and private actors to be hesitant to engage in the blue carbon space.

To address these challenges and support stronger matchmaking and ecosystem linkages between coastal resilience and ocean management actors, CFDA is launching the Coastal Resilience, Carbon, and

Conservation Finance Facility (C3F). The purpose of C3F is to pilot a mechanism to provide USAID Missions with the expertise to help local stakeholders connect their bankable biodiversity conservation, coastal resilience and/or blue carbon projects with international and domestic sources of capital. As a result of C3F, private sector finance will flow into coastal resilience and blue carbon projects that generate biodiversity conservation, climate mitigation and adaptation outcomes with equitable benefit distribution and safeguards for local communities while improving global understanding of best practices. The Anchor Partner will be responsible for coordinating C3F activities, leveraging the CFDA's Climate Finance Investment Network, and disseminating lessons learned, best practices, and success stories from C3F to a community of practice.

II.2 Scope of Work

CFDA is seeking a subcontractor with global blue carbon and coastal resilience expertise and the ability to lead C3F, a core activity of the CFDA, and a technically relevant community of practice.

Chemonics seeks to hire one organization through an Indefinite Quantity Subcontract (IQS) with a ceiling value of \$750,000 along with an initial sub-Task Order (STO) valued between \$350,000 and \$375,000 for a two-year period of performance to lead the Coastal Resilience, Carbon, and Conservation Finance Facility (C3F) and coordinate a technically relevant community of practice. More specifically, the Anchor Partner will build out the design of C3F, conduct rapid opportunity screenings (ROSs), and identify promising opportunities for facilitating private investment in blue carbon and coastal resilience projects with local communities. Subsequently, CFDA, with technical guidance from the Anchor Partner, will competitively select separate subcontractors to conduct feasibility studies and build technical capacity at the community level. The Anchor Partner will support investment matchmaking using the outputs of those capacity building activities and feasibility studies. The Anchor Partner should focus approximately 75 percent of its effort on leading C3F and **no more than** 25 percent of its effort on coordinating the community of practice.

C3F will create an efficient, replicable mechanism for USAID Missions to identify, develop, and facilitate investments into blue carbon and coastal resilience projects, supporting local stakeholders to get projects ready for equitable, transparent, and sustainable partnerships with international and domestic capital providers. C3F will connect Missions with specialists and tools to help identify high-impact areas for restoration and conservation based on ecological, social, financial, and policy factors, to understand local political and legal (including land rights) issues that can impact project feasibility, and to identify ideal financing strategies for high impact opportunities.

C3F is not limited to any specific USAID presence countries. The Anchor Partner must work with CFDA and USAID to identify potential locations for pilot projects noting, however, that C3F will prioritize geographies based on (1) the interest and funding availability of specific USAID missions, (2) opportunities to leverage ongoing USAID support for coastal communities, and (3) the possibility to support pilots that would set a benchmark for inclusion and benefit-sharing in blue carbon and coastal resilience projects.

Coastal nations with high potential for investible blue carbon and coastal resilience projects will be the focus of initial C3F engagement. Particular attention will be focused on areas with the greatest carbon sequestration, biodiversity value and/or climate resilience contribution. After specific countries are selected, the Anchor Partner will conduct rapid opportunity screenings to better understand the possibility of identifying investible and impactful blue carbon and coastal resilience projects.

CFDA anticipates awarding a subcontract beginning o/a September 2023 with a two-year period of performance, with possibility of extension.

The selected organization will support the following C3F activities under sub-Task Order 1 under this IQS; CFDA expects to issue subsequent sub-task orders under this subcontract as additional funding becomes available.

1. Design a workplan for C3F that includes the design/methodology for the rapid opportunity screenings under C3F and how the selected offeror plans to circulate knowledge, best practices, and lessons learned to a technically relevant community of practice. This includes the assumption of one day of meetings with USAID and CFDA team members in Washington, DC.
2. Conduct remote rapid opportunity screening to evaluate, at a high-level, **where investible blue carbon or other coastal resilience projects could be developed.** The selected offeror will work with at least four USAID Missions to remotely conduct rapid opportunity screening (ROS). **The Anchor Partner will conduct one rapid opportunity screening per Mission.** CFDA will facilitate data transfer from the Mission to the Anchor Partner to inform areas for screening. Additional desk research and virtual key informant interviews will be required. If the screening identifies a strong natural resource for an investible blue carbon or coastal resilience project, the selected offeror will compile scopes of work (SOW) informed by the pre-designed, modular capacity building activities (see #3).
3. Design a broad set of capacity building activities for relevant local stakeholders targeting interventions for different types of stakeholders (e.g., community groups, smallholder industry associations, private landowners) with projects at various stages of development (including stakeholders who are not yet aware of the possibility of a climate finance project). All activities will follow best practices for the highest level of inclusion and benefit-sharing in blue carbon and coastal resilience projects. These activities will be compiled into a modular set that can be selected from ad hoc to inform scopes of work for additional CFDA subcontracts and/or grants that Missions can choose to take forward with additional funding.

For context, future sub-task orders under this IQS, contingent on funding availability, may include the following activities:

4. Handover to the service providers. The anchor partner will be expected to meet with service providers (in-country) and provide them guidance and context per the results of the screening. The selected offeror will also monitor any additional contracted service providers to ensure best practices are applied, capture lessons learned from the ROS and any possible follow-on project preparation support and share information with community of practice members to catalyze and inform knowledge product development. The offeror will indicate when the project has reached a threshold level of investment attractiveness to move to investment matchmaking.
5. Investment Matchmaking. Once the project with local communities has reached a point of instability, the Anchor Partner with support from CFDA will convene investors and facilitate a matchmaking process, leveraging the CFDA's Climate Finance Investment Network (CFIN) and/or other relevant platforms to arrange in-person or virtual presentations of the opportunities developed. The selected offeror will help design the pitches with local stakeholders and service providers.

As part of disseminating lessons and best practices gleaned from C3F, the Anchor Partner will lead a community of practice that leverages and works with other groups such as CFDA's Climate Finance Investment Network under sub-Task Order 1. The Anchor Partner will be responsible for convening approximately 30 experts in blue carbon, coastal resilience, ocean conservation and management, etc. to address key challenges in this space: limited investment in adaptation solutions, limited matchmaking ecosystem linkages, lack of fit-for-purpose financing tools, lack of common standards, and insufficient market intelligence. These experts may include but are not limited to points of contact from organizations, firms, project developers, research institutions, etc. The Anchor Partner may create this community of

practice with experts from Climate Finance Investment Network (CFIN) or leverage an existing network with the same technical and sectoral focus.

As a coastal resilience and/or ocean management sector leader, the Anchor Partner is responsible for developing and implementing a strategy for this community of practice that influences climate conversations, facilitates matchmaking and promotes ecosystem linkages, supports professional development, circulates innovations, best practices, knowledge products, and other market intelligence, and/or elevates marginalized groups. The selected organization should achieve objectives and targets through collaboration with members and focus on tangible outputs. The Anchor Partner should build upon existing work and avoid duplication with other similar efforts. A key activity of the Anchor Partner’s role in the community of practice will be facilitating interactive webinars/virtual meetings and developing/circulating knowledge products (lessons learned, success stories, non-proprietary ROS results, etc.) from C3F broadly. The community of practice should align with key elements of the broader CFDA learning agenda. Offerors are encouraged to propose a strategy for the community of practice that aligns with the available financial resources and is complementary to C3F. The budget for the community of practice must not exceed 25 percent of STO 1.

II.3 Activity Indicators

Assuming there are STOs under this IQS for investment matchmaking services, the subcontractor will be required to report on the following indicators.

CFDA Indicator Reference	Strd Ref	Parent Indicator Name	Frequency
1.0	NA	Amount of investment mobilized (in USD) for climate change outcomes (=1.1 + 1.2 + 1.3)	Semi-Annual
1.1	EG. 11-4	Amount of Investment mobilized (in USD) for climate change adaptation as supported by USG assistance	Semi-Annual
1.2	EG. 12-4	Amount of investment mobilized (in USD) that is inclusive of priority populations	Semi-Annual
1.3	EG. 13-4	Amount of investment mobilized (in USD) for sustainable landscapes as support by USG assistance	Semi-Annual
1.4	Custom	Percentage of investment mobilized (in USD) that is inclusive of priority populations	Semi-Annual

CFDA may opt to monitor additional USAID standard indicators for their activities. Supplemental indicators selected by C3F will be in addition to – not in place of – the indicators required by CFDA above. The offeror will also be expected to participate in CFDA learning activities aimed at improving and operationalizing best practices of mobilizing climate finance and private sector actions to address climate change.

II.4 Period and Place of Performance

The anticipated period of performance for the IQS is effective from the date of subcontract award with a two-year period of performance, with possibility of extension. The primary place of performance will be the United States of America.

II.5 Expected Deliverables

This is an indefinite quantity type subcontract with STOs issued hereunder priced on a firm fixed price basis. Deliverables will be determined on a sub-task order basis; The following deliverables are required

under STO 1 and align with C3F activities 1-3 and community of practice tasks under Section II.2 (page 15).

Deliverable	Description	Due Date
C3F		
1. Work Plan	Work plan that incorporates timelines for rapid opportunity screening, project site selection, and activities with local communities, and knowledge products to share with the community of practice, etc. (Assuming one day of in-person meetings with USAID and CFDA team members in Washington, DC.)	Within 30 days of award
2. Rapid Opportunity Screening Methodology	The anchor partner will design the rapid opportunity methodology, including the format/template for reporting Rapid Opportunity Screening Findings.	To be proposed by offerors
3. Menu of options for advancing blue carbon and coastal resilience programs	The anchor partner will design a menu of services to advance blue carbon/coastal resilience programs that could be provided by either local organizations based in USAID priority countries or international experts in carbon finance, project development, or other relevant areas. These capacity building activities will feed into SOWs for additional subcontractors with a presence in the relevant geographies or niche expertise needed to advance priority projects. The menu of services will include: <ul style="list-style-type: none"> • A set of capacity building activities for local stakeholders critical to advancing specific blue carbon/coastal resilience projects. • A set of technical activities to build out concepts and/or advance specific blue carbon/coastal resilience projects to the point of attracting private investors. 	To be proposed by offerors
4. Rapid Opportunity Screening Findings	Report(s) produced outlining the findings from the rapid opportunity screening(s) and needs assessment. These reports should include recommendations for additional support using the menu of options for advancing blue carbon and coastal resilience programs.	Within 30 days of completing rapid opportunity screening
5. Written Inputs for Semi-Annual Reports	Brief written report to inform CFDA's Semi-Annual Reports to include progress to date, lessons learned, and relevant monitoring and evaluation information. Offerors must report on CFDA Indicators 1.0-1.4 that correspond to Deliverable 11; offerors must provide documentation to corroborate executed transactions.	March 20 and September 20 of each year
6. Learning Products	The offeror is expected to support CFDA learning activities aimed at improving and operationalizing best practices. The offeror will prepare at least one learning product (e.g., learning brief, case study) to capture and share lessons gleaned from C3F and best practices around blue carbon/coastal resilience.	To be proposed by offerors
Community of Practice		
7. Community of Practice Strategy	Brief 3-5 page slide deck strategy that aligns with the available financial resources (no more than 25 percent of the total subcontract value) and is complementary to C3F.	Within 45 days of award
8. Periodic Meetings (Slide deck or Handouts, Participant List and Minutes)	The anchor partner will host periodic virtual community of practice meetings and share the slide deck or handouts and the list of attendees and minutes/action items with CFDA.	To be proposed by offerors

Illustrative deliverables under future STOs may include the following.

Deliverable	Description
C3F	

9. Handover Report	This report outlines rapid opportunity screening findings and provides guidance, context, and background to the service providers (capacity building and technical assistance) implementing the project. The anchor partner may be expected to travel for 5 days or more to present the report.
10. Periodic Monitoring Briefs	These briefs provide details to CFDA on the quality of the work performed by the service providers. The anchor partner is expected to ensure best practices, capture lessons learned, and indicate when the project has reached a level of investment attractiveness to move to the next stage.
11. Matchmaking Event	The anchor partner is expected to organize and facilitate the matchmaking process (either in-person or virtually depending on the context). The anchor partner will help design pitches with local stakeholders and service providers. CFDA Indicators 1.0-1.4 correspond to this deliverable and must be reported as part of Deliverable 5

II.6 Deliverables Schedule

Offerors should propose a deliverables schedule for STO 1 in the cost proposal. The deliverables schedule for future STOs (beyond STO 1) will be determined on a TO basis.

Annex 2 Guide to Creating a Financial Proposal for an IQS with Fixed Price Sub-Task Orders

The purpose of this annex is to guide offerors in creating a budget for their cost proposal. Because the subcontract will be funded under a United States government-funded project, it is important that all offerors' budgets conform to this standard format. It is thus recommended that offerors follow the steps described below.

Step 1: Create a budget for the cost proposal in MS Excel. Each offeror must use the format provided in Annex 2. Offerors are requested to provide fully burdened daily rates for proposed long-term staff and short-term staff/consultants (i.e., including salary, benefits, indirect costs, and fee/profit if applicable). Offerors should budget for administrative support, if those costs are not accounted for through the burdened labor rate. The budget period should follow the technical proposal period.

Tab 1. Sub-Task Order (STO) 1 Deliverable Costs. Offerors are requested to include the positions, fully burdened daily rates, and the level of effort (LOE) expressed in days to complete the described deliverables (1 through 8) to those cells in yellow. Rows may be added as needed. Additionally, for each deliverable, the offeror should include any expected Other Direct Costs (ODCs). These are costs are expenditures that are required as part of the fulfilling the activity. Costs may include items such as: travel and transportation expenses, printing, communications, etc. For Deliverable 1, offerors should assume one full day of meetings with USAID and CFDA team members in Washington, D.C.

Tab 2. STO 1 Deliverable Summary. This tab reflects the total prices by deliverable on Tab 1. Offerors only need to complete due dates for deliverables marked as "To be proposed by offerors".

Tab 3. Future STOs Deliverables Costs. Offerors are requested to include the positions, rates, and number of days to those cells in yellow on Tab 1. Offerors should assume 5 days of travel for two travelers to Senegal for deliverable #9 and use a plug figure for travel and per diem of \$10,000.

Tab 4. Future STO Deliverable Summary. This tab reflects those totals by deliverable included on Tab 4. Offerors are not required to input any information on this tab.

Step 2: Write Budget Narrative. Offerors must provide narrative explanation of the build up for each proposed deliverable price. Brief budget notes must be provided in the Notes column in Tab 1 of the Excel budget template. If necessary, Offerors may use an additional Word document or PDF to explain the process used for building up burdened daily rates. Budget narratives must address the following:

- Explain assumptions underlying each cost line per deliverable, why the cost is required, and how the amount is reasonable.
- Describe the process used for calculating the fully burdened daily rates included in Tab 1 and 3 of the Excel template. The inputs for this calculation could include, but is not limited to, an established rate sheet, salaries of proposed staff, benefits, indirect costs, and fee/profit, if applicable. Please include the years of experience and education for any unnamed personnel.

If applicable, the offeror must submit supporting documentation for recovery of administrative or indirect costs. Chemonics reserves the right to request additional cost information if the evaluation committee has concerns of the reasonableness, realism, or completeness of an offeror's proposed cost.

Offers will be evaluated on the full price of the deliverables (per Tabs 2 and 4). Any resultant subcontract for sub-task order 1 would cover the price of the deliverables listed on Tab 2.

After the completion of Sub-Task Order 1, CFDA may release a Request for Task Order Proposal (RFTOP) to the successful offeror asking for a more detailed fixed budget for sub-Task Order 2 at that time (contingent upon additional buy-ins/engagement by missions).

Under no circumstances may cost information be included in the technical proposal. No cost information or any prices, whether for deliverables or line items, may be included in the technical proposal. Cost information must only be shown in the cost proposal.

Annex 3 Required Certifications

52.203-2 CERTIFICATE OF INDEPENDENT PRICE DETERMINATION

As prescribed in 3.103-1, insert the following provision. If the solicitation is a Request for Quotations, the terms "Quotation" and "Quoter" may be substituted for "Offer" and "Offeror."

CERTIFICATE OF INDEPENDENT PRICE DETERMINATION (APR 1985)

_____ (hereinafter called the "offeror")
(Name of Offeror)

(a) The offeror certifies that—

(1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to— (i) Those prices;

(ii) The intention to submit an offer; or

(iii) The methods or factors used to calculate the prices offered.

(2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and

(3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory—

(1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision; or

(2)(i) Has been authorized, in writing, to act as agent for the following principals in certifying that those principals have not participated, and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this provision _____ [*insert full name of person(s) in the offeror's organization responsible for determining the prices offered in this bid or proposal, and the title of his or her position in the offeror's organization*];

52.203-11 CERTIFICATION AND DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS

Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (Sept 2007)

_____ (hereinafter called the "offeror")
(Name of Offeror)

(a) *Definitions.* As used in this provision—"Lobbying contact" has the meaning provided at 2 U.S.C. 1602(8). The terms "agency," "influencing or attempting to influence," "officer or employee of an agency," "person," "reasonable compensation," and "regularly employed" are defined in the FAR clause of this solicitation entitled "Limitation on Payments to Influence Certain Federal Transactions" (52.203-12).

(b) *Prohibition.* The prohibition and exceptions contained in the FAR clause of this solicitation entitled "Limitation on Payments to Influence Certain Federal Transactions" (52.203-12) are hereby incorporated by reference in this provision.

(c) *Certification.* The Offeror, by signing its offer, hereby certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on its behalf in connection with the awarding of this contract.

(d) *Disclosure.* If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of the Offeror with respect to this contract, the Offeror shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. The Offeror need not report regularly employed officers or employees of the Offeror to whom payments of reasonable compensation were made.

(e) *Penalty.* Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by 31 U.S.C. 1352. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure required to be filed or amended by this provision, shall be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

(f) Should the Offeror's circumstances change during the life of any resulting subcontract with respect to the above, the Offeror will notify Buyer immediately. _____

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS

Certification Regarding Responsibility Matters (Apr 2010)

- (a)(1) The Offeror certifies, to the best of its knowledge and belief, that—
- (i) The Offeror and/or any of its Principals—
- (A) Are are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (B) Have have not , within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
- (C) Are are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision;
- (D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent U.S. Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.
- (1) U.S. Federal taxes are considered delinquent if both of the following criteria apply:
- (i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
- (ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
- (2) Examples.
- (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (ii) The IRS has filed a notice of U.S. Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has () has not (), within a three-year period preceding this offer, had one or more contracts terminated for default by any U.S. Federal agency.

(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment; and similar positions). This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror non-responsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

12. Recovery of Vacation, Holiday and Sick Pay

(Instructions: Offeror should explain whether it recovers vacation, holiday, and sick leave through a corporate indirect rate (e.g. Overhead or Fringe rate) or through a direct cost. If the Offeror recovers vacation, holiday, and sick leave through a corporate indirect rate, it should state in this section the number of working days in a calendar year it normally bills to contracts to account for the vacation, holiday, and sick leave days that will not be billed directly to the contract since this cost is being recovered through the corporate indirect rate.)

13. Organization of Firm

(Instructions: Offeror should explain how their firm is organized on a corporate level and on practical implementation level, for example regionally or by technical practice.)

52.222-56 SUBCONTRACTOR CERTIFICATION REGARDING TRAFFICKING IN PERSONS COMPLIANCE PLAN (OCT 2020) *This certification is required for subcontracts and purchase orders over \$550,000, and must be submitted to Chemonics annually during the term of the award.*

The Offeror/Subcontractor Certifies that:

- (1) It has implemented a compliance plan to prevent any prohibited activities identified in paragraph (b) of the clause at 52.222–50, Combating Trafficking in Persons, and to monitor, detect, and terminate the contract with a subcontractor engaging in prohibited activities identified at paragraph (b) of the clause at 52.222–50, Combating Trafficking in Persons;
- (2) The compliance plan applicable to the qualifying subcontract meets the minimum requirements set forth in subsection (h)(3) of clause 52.222-50, including the following:
 - a. An awareness program to inform subcontractor employees about the Government’s policy prohibiting trafficking-related activities, the activities prohibited, and the actions that will be taken against the employee for violations.
 - b. A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.
 - c. A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee, and ensures that wages meet applicable host-country legal requirements or explains any variance.
 - d. A housing plan, if the subcontractor intends to provide or arrange housing that ensures that the housing meets host-country housing and safety standards.
 - e. Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.
- (3) The Offeror/Subcontractor will post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Offeror’s/Subcontractor’s Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Offeror/Subcontractor shall provide the relevant contents of the compliance plan to each worker in writing. The Offeror/Subcontractor agrees to inform Chemonics immediately of any credible information it receives from any source (including host country law enforcement) that alleges a contractor employee, subcontractor, subcontractor employee, or their agent has engaged in conduct that violates the policy.
- (4) After having conducted due diligence, either—
 - (i) To the best of the Offeror’s/Subcontractor’s knowledge and belief, neither it nor any of its proposed agents, subcontractors, or their agents is engaged in any such activities; or,
 - (ii) If abuses relating to any of the prohibited activities identified in 52.222– 50(b) have been found, the Offeror or proposed Subcontractor has taken the appropriate remedial and referral actions.

**“Executive” means officers, managing partners, or any other employees in management positions.

Annex 4 - UEI and SAM Registration Guidance

What is an UEI Number?

The Unique Entity Identifier, or the UEI, is the official name of the “new, non-proprietary identifier” that will replace the DUNS number. The UEI will be requested in, and assigned by, the System for Award Management (SAM.gov). Businesses and organizations who receive funding from the US government will have to use a Unique Entity Identifier (UEI) created in SAM.gov. The UEI number helps the USG to identify companies.

Why am I being requested to obtain a UEI number?

U.S. law – in particular the Federal Funding Accountability and Transparency Act of 2006 (Pub.L. 109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub.L. 110-252) - make it a requirement for all entities doing business with the U.S. Government to be registered, currently through the System for Award Management, a single, free, publicly- searchable website that includes information on each federal award. As part of this reporting requirement, prime contractors such as Chemonics must report information on qualifying subawards as outlined in FAR 52.204-10 and 2CFR Part 170. Chemonics is required to report subcontracts with an award valued at greater than or equal to \$30,000 under a prime contract and subawards under prime grants or prime cooperative agreements obligating funds of \$25,000 or more, whether U.S. or locally based. Because the U.S. Government uses UEI numbers to uniquely identify businesses and organizations, Chemonics is required to enter subaward data with a corresponding UEI number.

Is there a charge for obtaining a UEI number?

No. Obtaining a UEI number is absolutely free for all entities doing business with the Federal government. This includes current and prospective contractors, grantees, and loan recipients.

How do I obtain a UEI number?

UEI numbers can be obtained online at SAM.gov.

What information will I need to obtain a UEI number?

To request a UEI number, you will need to provide the following information:

- Legal name and structure
- Tradestyle, Doing Business As (DBA), or other name by which your organization is commonly recognized
- Physical address, city, state and Zip Code
- Mailing address (if separate)
- Telephone number
- Contact name
- Number of employees at your location
- Description of operations and associated code (SIC code found at <https://www.osha.gov/pls/imis/sicsearch.html>)
- Annual sales and revenue information
- Headquarters name and address (if there is a reporting relationship to a parent corporate entity)

How long does it take to obtain a UEI number?

The UEI number is issued immediately upon completion of the request process.

Are there exemptions to the UEI number requirement?

There may be exemptions under specific prime contracts, based on an organization's previous fiscal year income when selected for a subcontract award, or Chemonics may agree that registration is impractical in certain situations. Organizations may discuss these options with the Chemonics representative.

What is CCR/SAM?

Central Contractor Registration (CCR)—which collected, validated, stored and disseminated data in support of agency acquisition and award missions—was consolidated with other federal systems into the System for Award Management (SAM). SAM is an official, free, U.S. government-operated website. There is NO charge to register or maintain your entity registration record in SAM.

When should I register in SAM?

While registration in SAM is not required for organizations receiving a grant under contract, subcontract or cooperative agreement from Chemonics, Chemonics requests that partners register in SAM if the organization meets the following criteria requiring executive compensation reporting in accordance with the FFATA regulations referenced above. SAM.gov registration allows an organization to directly report information and manage their organizational data instead of providing it to Chemonics. Reporting on executive compensation for the five highest paid executives is required for a qualifying subaward if in your business or organization's preceding completed fiscal year, your business or organization (the legal entity to which the UEI number belongs):

- (1) received 80 percent or more of its annual gross revenues in U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements; **and**
- (2) \$25,000,000 or more in annual gross revenues from U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements; **and**,
- (3) The public **does not** have access to information about the compensation of the executives in your business or organization (the legal entity to which the UEI number it provided belongs) through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the US Internal Revenue Code of 1986.

If your organization meets the criteria to report executive compensation, the following sections of this document outline the benefits of and process for registration in SAM.gov. Registration may be initiated at <https://www.sam.gov>. There is NO fee to register for this site.

Why should I register in SAM?

Chemonics recommends that partners register in SAM to facilitate their management of organizational data and certifications related to any U.S. federal funding, including required executive compensation reporting. Executive compensation reporting for the five highest paid executives is required in connection with the reporting of a qualifying subaward if:

- a. In your business or organization's preceding completed fiscal year, your business or organization (the legal entity to which the UEI number belongs) received (1) 80 percent or more of its annual

gross revenues in U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements; and (2) \$25,000,000 or more in annual gross revenues from U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements; and,

- b. The public have does not have access to information about the compensation of the executives in your business or organization (the legal entity to which the UEI number it provided belongs) through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.

What benefits do I receive from registering in SAM?

By registering in SAM, you gain the ability to bid on federal government contracts. Your registration does not guarantee your winning a government contract or increasing your level of business. Registration is simply a prerequisite before bidding on a contract. SAM also provides a central storage location for the registrant to supply its information, rather than with each federal agency or prime contractor separately. When information about your business changes, you only need to document the change in one place for every federal government agency to have the most up-to-date information.

How do I register in SAM?

Follow the step-by-step guidance for registering in SAM for assistance awards (under grants/cooperative agreements) at: https://www.fsd.gov/sys_attachment.do?sys_id=d4d157741ba3c5103565ed3ce54bcba0

Follow the step-by-step guidance for contracts registrations at:
https://www.fsd.gov/sys_attachment.do?sys_id=b4c153341ba3c5103565ed3ce54bcbb8

You must have a UEI number in order to begin either registration process.

If you already have the necessary information on hand (see below), the online registration takes approximately one hour to complete, depending upon the size and complexity of your business or organization.

What data is needed to register in SAM?

SAM registrants are required to submit detailed information on their company in various categories. Additional, non-mandatory information is also requested. Categories of required and requested information include:

* General Information - Includes, but is not limited to, UEI number, CAGE Code, company name, Federal Tax Identification Number (TIN), location, receipts, employee numbers, and web site address.

* Corporate Information - Includes, but is not limited to, organization or business type and SBA-defined socioeconomic characteristics.

* Goods and Services Information - Includes, but is not limited to, NAICS code, SIC code, Product Service (PSC) code, and Federal Supply Classification (FSC) code.

* Financial Information - Includes, but is not limited to, financial institution, American Banking Association (ABA) routing number, account number, remittance address, lock box number, automated clearing house (ACH) information, and credit card information.

* Point of Contact (POC) Information - Includes, but is not limited to, the primary and alternate points of contact and the electronic business, past performance, and government points of contact. * Electronic

Data Interchange (EDI) Information* - Includes, but is not limited to, the EDI point of contact and his or her telephone, e-mail, and physical address. (*Note: EDI Information is optional and may be provided only for businesses interested in conducting transactions through EDI.)

Annex 5 - Indefinite Quantity Subcontract (Terms and Conditions)

In the event of a subcontract award resulting from an offer submitted in response to this RFP, the following terms and conditions of the attached draft IQS will apply. Chemonics, at its own discretion, reserves the right to modify these terms.

SECTION C. ORDERING PROCEDURES

C.1. ORDERING - GENERAL

a) Any supplies and services to be furnished under this indefinite quantity subcontract shall be ordered by issuance of fixed price sub-task orders by Chemonics. Such sub-task orders may be issued from the effective date of this indefinite quantity subcontract through its expiration.

b) All sub-task orders are subject to the terms and conditions, including clauses incorporated by reference, of this indefinite quantity subcontract. In the event of conflict between terms and conditions of a sub-task order and of this subcontract, the terms and conditions of this subcontract shall control.

c) Sub-task orders must be issued through written communication by the **[Insert Name of supervisor]** or their designee.

d) Sub-task orders are subject to any terms, conditions, and/or limitations which may be imposed by Chemonics or USAID. Any sub-task orders that are modified to allow for a period of performance that exceeds the estimated completion date of the IQS shall retain any and all appropriate subcontract terms and conditions, including revisions to FAR and AIDAR clauses that are effective after the estimated completion date but are within the authorized period of performance in the sub-task order. The indefinite quantity subcontract period is not extended unless by formal modification and new sub-task orders shall not be issued after the basic subcontract estimated completion date, as modified. Only the **[Insert Name of supervisor]** or their designee may modify the indefinite quantity subcontract.

C.2. CONTENTS OF FIXED PRICE SUB-TASK ORDERS

Each sub-task order shall specify at a minimum:

- a) Sub-task order number;
- b) The effective date and a completion date of the sub-task order;
- c) Statement of work;
- d) Reports and other deliverables;
- e) Schedule of deliverables;
- f) The firm-fixed-price of the sub-task order;
- g) Schedule and method of payments;
- h) Place of performance;
- i) Any sub-task order-specific performance standards;
- j) Any sub-task order specific requirements and relevant information; and
- k) Technical and management direction.

C.3. ORDERING PROCEDURE

As the need for the Subcontractor's services and expertise arise in the course of the project, the **[Insert**

Name of supervisor] or their designee will draft Request for Sub-Task Order Proposal (RFTOP) containing a scope of work and expected deliverables. Using the RFTOP and the prices established in B.3 both parties will negotiate a fixed price sub-task order. The sub-task order will be issued by Chemonics and it will contain the information outlined in section C.2 above.

C.4. PERFORMANCE OF SUB-TASK ORDERS

- a) Upon award of a fixed price sub-task order, the Subcontractor shall commence the work.
- b) After a fixed price sub-task order is issued, neither Chemonics nor the Subcontractor may alter it without a formal bilateral modification to the sub-task order.
- c) Under no circumstance shall any adjustments authorize the Subcontractor to be paid any sum in excess of the sub-task order fixed price.
- d) The Subcontractor is not authorized to delegate or assign (subcontract) full or partial performance of a sub-task order to another organization without the express consent of Chemonics contracts department.

C.5. ORDERING LIMITATIONS

All sub-task order statements of work and performance periods shall be within the scope of work and effective period of this indefinite quantity subcontract.

C.6. CHANGES, TERMINATION AND STOP WORK

Chemonics may order changes in the scope of work above pursuant to the Federal Acquisition Regulation (FAR) Clause 52.243-1 (Alt.III), Changes—Fixed Price, which is incorporated by reference in Section EE herein.

Chemonics reserves the unilateral right to terminate this fixed price subcontract at any time, paying for all deliverables completed at the time of termination and a pro-rata share of any deliverable in progress, in accordance with FAR Clause 52.249-1, Termination for Convenience of the Government (Fixed Price) (Short Form) which is incorporated by reference in Section EE herein.

Chemonics may order the Subcontractor to stop work under any task order issued hereunder pursuant to the Stop Work Order Clause incorporated by reference in Section EE herein.

SECTION D. REPORTING AND TECHNICAL DIRECTION

(a) Only Chemonics' **(INSERT Chief of Party' if the subcontract is within the COP signatory authority, if not, insert the applicable title and name in accordance to the Corporate Authorities Matrix)** has authority on behalf of Chemonics to make changes to this Subcontract. All modifications must be identified as such in writing and executed by the parties.

(b) The Subcontractor shall render the services and produce the deliverables stipulated in each sub - task order, under the general technical direction of the **(specify name and title -- usually COP or other project technical leader)**, or their designee as indicated in each task order. The **(specify name and title -- usually COP or Program Manager)**, or their designee will be responsible for monitoring the Subcontractor's performance under this subcontract and may from time-to-time render assistance or give technical advice

or discuss or effect an exchange of information with Subcontractor's personnel concerning the Work hereunder. No such action shall be deemed to be a change under the "Changes" clause of this Subcontract and shall not be the basis for equitable adjustment. The (specify name and title -- usually COP or Program Manager), or their designee, unless otherwise specified in a sub-task order has authority to request, inspect, and accept all services, reports, and required deliverables or outputs.

(c) Except as otherwise provided herein, all notices to be furnished by Subcontractor shall be in writing and sent to (specify name and title -- usually COP or Program Manager) or other authorized project staff member.

SECTION E. PERIOD OF PERFORMANCE

The effective date of this subcontract is, [Insert start date] and the completion date is [Insert end date]. The Subcontractor shall deliver the deliverables set forth in each sub-task order to [Insert Name of supervisor] in accordance with the sub-task order schedule.

In the event that the Subcontractor fails to make progress so as to endanger performance of this indefinite quantity subcontract and any task order, or is unable to fulfill the terms of this indefinite quantity subcontract and/or any task order by the completion date, the Subcontractor shall notify Chemonics forthwith and Chemonics shall have the right to summary termination of this indefinite quantity subcontract upon written notice to the Subcontractor in accordance with the incorporated FAR Clause 52.249-8, Default (Fixed-Price Supply and Service).

SECTION F. INVOICING AND PAYMENT

Upon the [insert project name] representative's, as identified above or in the sub-task order, acceptance of the contract deliverables described in each fixed price task order, the Subcontractor shall submit an original invoice to [insert project name] for payment. The invoice shall be sent to the attention of [insert name and designation of person who will receive invoices] and shall include the following information: a) subcontract number, b) deliverables delivered and accepted, c) total amount due in [choose either US dollars or specify a local currency if this is a local subcontract]; and d) payment information corresponding to the authorized account listed in below.

Payment Account Information

Chemonics shall remit payment corresponding to approved, complete invoices submitted in accordance with the terms herein payable to the Subcontractor via check sent to the Subcontractor's official address or to the following authorized account:

Account name: [INSERT Account name provided by the Subcontractor]

Bank name: [INSERT Subcontractor's bank name]

Bank address or branch location: [INSERT Subcontractor's bank address or branch location]

Account number: [INSERT Subcontractor's bank account SWIFT and IBAN reference as applicable]

Chemonics will pay the Subcontractor's invoice within thirty (30) business days after both a) Chemonics' approval of the Subcontractor's deliverables, and b) Chemonics' receipt of the Subcontractor's invoice. Payment will be made in [choose either US dollars or specify a local currency if this is a local subcontract], paid to the account specified above.

SECTION G. BRANDING POLICY AND REPORTING REQUIREMENTS

The Subcontractor shall comply with the requirements of the USAID “Graphic Standard Manual” available at www.usaid.gov/branding, or any successor branding policy, and the Project specific branding implementation and marking plan, which shall be conveyed to the Subcontractor by Chemonics in writing.

Reports to be prepared under fixed price sub-task orders shall bear the name of Chemonics, the prime contract number, this subcontract number, and the sub-task order number, and shall be prepared in English unless otherwise specified.

Enter the reporting you want to receive from the subcontractor at the IQS level. More specific reports can be defined at the TO level

SECTION H. AUTHORIZED GEOGRAPHIC CODE [AIDAR 725.702]; SOURCE AND NATIONALITY REQUIREMENT [AIDAR 752.225-70 (FEB 2012) AS ALTERED]

(a) The authorized geographic code for procurement of goods and services under this subcontract is **{insert applicable geographic code}**.

(b) Except as may be specifically approved by Chemonics, the Subcontractor must procure all commodities (e.g., equipment, materials, vehicles, supplies) and services (including commodity transportation services) in accordance with the requirements at 22 CFR Part 228 —Rules on Procurement of Commodities and Services Financed by USAID Federal Program Funds. Guidance on eligibility of specific goods or services may be obtained from Chemonics.

(c) Ineligible goods and services. The Subcontractor shall not procure any of the following goods or services under this subcontract:

- (1) Military equipment
- (2) Surveillance equipment
- (3) Commodities and services for support of police and other law enforcement activities
- (4) Abortion equipment and services
- (5) Luxury goods and gambling equipment, or
- (6) Weather modification equipment.

(d) Restricted goods. The Subcontractor shall not procure any of the following goods or services without the prior written approval of USAID obtained through Chemonics:

- (1) Agricultural commodities,
- (2) Motor vehicles,
- (3) Pharmaceuticals and contraceptive items
- (4) Pesticides,
- (5) Fertilizer,
- (6) Used equipment, or
- (7) U.S. government-owned excess property.

If Chemonics determines that the Subcontractor has procured any of these specific restricted this subcontract without the prior written authorization of USAID through Chemonics and has received payment for such purposes, Chemonics may require the Subcontractor to refund the entire amount of the purchase.

(e) The USG has implemented a blanket prohibition on providing direct government financing to international solar projects that source from suppliers that are the subject of a [withhold release order](#) (Hoshine Silicon Industry), on the Commerce Entity List, or otherwise sanctioned for their use of forced labor. The PRC energy companies that were added to the Commerce Entity List for their ties to

forced labor are found below. NOTE: the subcontractor may not purchase from any of the listed Suppliers below without advance written approval from Chemonics/USAID.

- Hoshine Silicon Industry (metallurgical grade silicon and silicon products) - also subject to a WRO
- Xinjiang Daqo New Energy (polysilicon, wafers)
- Xinjiang East Hope Nonferrous Metals (polysilicon, ingots, wafers)
- Xinjiang GCL-New Energy Material (polysilicon, ingots, wafers, cells, modules)
- Xinjiang Production and Construction Corps (state-owned paramilitary organization, electricity supplier)

This does not mean that all PRC-produced solar panels are immediately blocked from procurement. Currently, the restriction is just on any panels or products that are directly purchased using USG funds from any of those above companies. Should the purchase of any solar panels or components be required Chemonics/USAID prior review and written approval is required.

SECTION I. INTELLECTUAL PROPERTY RIGHTS

(a) Subcontractor warrants that the Work performed or delivered under this Subcontract will not infringe or otherwise violate the intellectual property rights of any third party in the United States or any foreign country. Except to the extent that the U.S. Government assumes liability therefor, Subcontractor shall defend, indemnify, and hold harmless Chemonics and its clients from and against any claims, damages, losses, costs, and expenses, including reasonable attorneys' fees, arising out of any action by a third party that is based upon a claim that the Work performed or delivered under this Subcontract infringes or otherwise violates the intellectual property rights of any person or entity. This indemnity and hold harmless shall not be considered an allowable cost under any provisions of this Subcontract except with regard to allowable insurance costs.

(b) Subcontractor's obligation to defend, indemnify, and hold harmless Chemonics and its customers under Paragraph (a) above shall not apply to the extent FAR 52.227-1 "Authorization and Consent" applies to Chemonics' Prime Contract for infringement of a U.S. patent and Chemonics and its clients are not subject to any actions for claims, damages, losses, costs, and expenses, including reasonable attorneys' fees by a third party.

(c) In addition to any other allocation of rights in data and inventions set forth in this agreement, Subcontractor agrees that Chemonics, in the performance of its prime or higher tier contract obligations (including obligations of follow-on contracts or contracts for subsequent phases of the same program), shall have under this agreement an unlimited, irrevocable, paid-up, royalty-free right to make, have made, sell, offer for sale, use, execute, reproduce, display, perform, distribute (internally or externally) copies of, and prepare derivative works, and authorize others to do any, some or all of the foregoing, any and all, inventions, discoveries, improvements, mask works and patents as well as any and all data, copyrights, reports, and works of authorship, conceived, developed, generated or delivered in performance of this Contract.

(d) The tangible medium storing all reports, memoranda or other materials in written form including machine readable form, prepared by Subcontractor and furnished to Chemonics pursuant to this Subcontract shall become the sole property of Chemonics.

SECTION J. INDEMNITY AND SUBCONTRACTOR WAIVER OF BENEFITS

The Subcontractor shall defend, indemnify, and hold harmless Chemonics from any loss, damage, liability, claims, demands, suits, or judgments (“Claims”) including any reasonable attorney’s fees, and costs, as a result of any damage or injury to Chemonics or its employees, directors, officers, or agents, or properties, or for any injury to third persons (including, but not limited to Claims by Subcontractor’s employees, directors, officers or agents) or their property which is directly or indirectly caused by the negligence, willful misconduct, breach of this Subcontract, or violation of statutory duties of Subcontractor, or its employees, officers, directors, or agents, arising out of or in connection with the performance of this Subcontract unless such Claim is caused by, or resulting from, a material breach of this Subcontract by Chemonics.

SECTION K. COMPLIANCE WITH APPLICABLE LAWS AND REGULATIONS

(a) The Subcontractor shall perform all work, and comply in all respects, with applicable laws, ordinances, codes, regulations, and other authoritative rules of the United States and its political subdivisions and with the standards of relevant licensing boards and professional associations. The Subcontractor shall also comply with the applicable USAID regulations governing this subcontract, which are incorporated by reference into this subcontract, and appear in Section EE, Clauses Incorporated by Reference.

(b) This contract shall be governed and construed under the laws of the District of Columbia, except that subcontract provisions and requirements that are based on government contract laws, regulations, or Federal Acquisition Regulation clauses shall be construed in accordance with the federal common law of Government Contracts as represented by decisions of the Federal Courts, and the Armed Services and Civilian Boards of Contract Appeals.

(c) The Subcontractor shall further undertake to perform the services hereunder in accordance with the highest standards of professional and ethical competence and integrity in Subcontractor’s industry and to ensure that Subcontractor’s employees assigned to perform any services under this subcontract will conduct themselves in a manner consistent therewith.

1. The Subcontractor shall exercise due diligence to prevent and detect criminal conduct and otherwise promote an organizational culture that encourages ethical conduct and a commitment to compliance with law.
2. The Subcontractor shall timely disclose, in writing, to Chemonics and the USAID Office of the Inspector General (OIG), whenever, in connection with this subcontract, or any Order issued hereunder, if applicable, the Subcontractor has credible evidence that a principal, employee, agent, or subcontractor of the Subcontractor has committed a violation of the provisions against fraud, conflict of interest, bribery or gratuity, or false claims found in this subcontract.
3. The Subcontractor shall refer to FAR 52.203-13 Contractor Code of Business Ethics and Conduct incorporated by reference herein for applicability of additional requirements.”

SECTION L. PRIVACY OF CONTRACT AND COMMUNICATIONS

The Subcontractor shall not communicate with Chemonics’ client in connection with this Subcontract, except as expressly permitted, in writing, by Chemonics. All approvals required from USAID shall be obtained through Chemonics.

This provision does not prohibit the Subcontractor from communicating with the client with respect to:

- (a) matters the Subcontractor is required by law to communicate to the U.S. Government;
- (b) an ethics or anti-corruption matter;
- (c) any matter for which this Subcontract, including a FAR or AIDAR clause is included in this Subcontract, provides for direct communication by the Subcontractor to the U.S. Government; or
- (d) if Subcontractor is a U.S. small business concern, any material matter pertaining to payment or utilization.

SECTION M. PROTECTING CHEMONICS' INTERESTS WHEN SUBCONTRACTOR IS NAMED ON SUSPECTED TERRORISTS OR BLOCKED INDIVIDUALS LISTS, INELIGIBLE TO RECEIVE USAID FUNDING, OR SUSPENDED, DEBARRED OR EXCLUDED FROM RECEIVING FEDERAL FUNDS

In addition to any other rights provided under this subcontract, it is further understood and agreed that Chemonics shall be at liberty to terminate this subcontract immediately at any time following any of the following conditions:

- (a) the Subcontractor is named on any list of suspected terrorists or blocked individuals maintained by the U.S. Government, including but not limited to (a) the Annex to Executive Order No. 13224 (2001) (Executive Order Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism), or (b) the List of Specially Designated Nationals and Blocked persons maintained by the Office of Foreign Assets Control of the U.S. Department of the Treasury;
- (b) USAID determines that the Subcontractor is ineligible to receive USAID funding pursuant to U.S. laws and regulations; or
- (c) the Subcontractor is identified on the U.S. Government's Excluded Party List System, or successor listing, as being suspended, debarred, or excluded from receiving federal awards or assistance.

Notwithstanding any other provision of the Subcontract, upon such termination the Subcontractor shall have no right to receive any further payments.

SECTION N. GOVERNING LAW AND RESOLUTION OF DISPUTES

(a) *Governing law.* This Subcontract shall be governed and construed under the laws of the District of Columbia, except that subcontract provisions and requirements that are based on government contract laws, regulations, or Federal Acquisition Regulation clauses shall be construed in accordance with the federal common law of Government Contracts as represented by decisions of the Federal Courts, and the Armed Services and Civilian Boards of Contract Appeals.

(b) *Disputes based on Client Actions.*

- (1) Any decision of the Government under the Prime Contract, if binding on Chemonics, shall also bind the Subcontractor to the extent that it relates to this Subcontract, provided that Chemonics shall have promptly notified the Subcontractor of such decision and, if requested by Subcontractor, shall have brought suit or filed claim, as appropriate against the Government, or, in alternative, agreed to sponsor Subcontractor's suit or claim. A final judgment in any such suit or final disposition of such claim shall be conclusive upon the Subcontractor.

(2) For any action brought, or sponsored, by Chemonics on behalf of the Subcontractor pursuant to this clause, the Subcontractor agrees to indemnify and hold Chemonics harmless from all costs and expenses incurred by Chemonics in prosecuting or sponsoring any such appeal.

(c) *Other Disputes.* All disputes not covered under subparagraph (b) above shall be resolved by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules. Arbitration shall be conducted in Washington, DC. Arbitrators shall be empowered to award only direct damages consistent with the terms of this Agreement. Each party shall bear its own costs of arbitration, including attorneys' and experts' fees. An arbitration decision shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction.

(d) *Duty to Continue to Perform.* Notwithstanding any such dispute, the Subcontractor shall proceed diligently with performance under this Subcontract in accordance with the Contractor's directions.

(e) *Limitations.* Chemonics' entire liability for claims arising from or related to this Subcontract will in no event exceed total subcontract price. Except for indemnification obligations, neither the Subcontractor or Chemonics will have any liability arising from or related to this Subcontract for (i) special, incidental, exemplary, or indirect damages, or for any economic consequential damages, or (ii) lost profits, business, revenue, goodwill or anticipated savings, even if any of the foregoing is foreseeable or even if a party has been advised of the possibility of such damages.

The Subcontractor acknowledges and agrees that it has no direct action against the U.S. Government or USAID for any claims arising under this Subcontract.

SECTION O. SET-OFF CLAUSE

Chemonics reserves the right of set-off against amounts payable to Subcontractor under this Subcontract or any other agreement the amount of any claim or refunds Chemonics may have against Subcontractor.

SECTION P. ASSIGNMENT AND DELEGATION

This Subcontract agreement may not be assigned or delegated, in whole or in part, by the Subcontractor without the written consent of Chemonics. Absent such consent, any assignment is void.

SECTION Q. ORGANIZATIONAL CONFLICTS OF INTEREST

It is understood and agreed that some of the work performed under this subcontract may place the Subcontractor or its personnel in the position of having an organizational conflict of interest. Such an organizational conflict of interest may impair the objectivity of the Subcontractor or its personnel in performing the work. To preclude or mitigate any potential conflicts of interest, Subcontractor agrees not to undertake any activity which may result in an organizational conflict of interest without first notifying Chemonics of such potential conflict of interest and receiving Chemonics written approval to undertake such activities.

SECTION R. GRATUITIES AND ANTI-KICKBACK

(a) Subcontractor shall not offer or give a kickback or gratuity (in the form of entertainment, gifts, or otherwise) for the purpose of obtaining or rewarding favorable treatment as a Chemonics supplier.

(b) By accepting this Subcontract, Subcontractor certifies and represents that it has not made or solicited and will not make or solicit kickbacks in violation of FAR 52.203-7 or the Anti-Kickback Act of 1986 (41 USC 51-58), both of which are incorporated herein by this specific reference, except that paragraph (c)(1) of FAR 52.203-7 shall not apply.

SECTION S. TERRORIST FINANCING PROHIBITION/ EXECUTIVE ORDER 13224

The Subcontractor (including its employees, consultants and agents) by entering into this subcontract certifies that it does not engage, support or finance individuals and/or organizations associated with terrorism. The Subcontractor is reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. A list of entities and individuals subject to restrictions, prohibitions and sanctions can be found at the web site of the Department of Treasury's Office of Foreign Assets Control (OFAC), at <http://treasury.gov/ofac>. It is the legal responsibility of the Subcontractor to ensure compliance with the Executive Order 13224 and other U.S. laws prohibiting terrorist financing. This provision must be included in all subcontracts or subawards issued under this subcontract.

SECTION T. RESTRICTIONS ON CERTAIN FOREIGN PURCHASES (FAR 52.225-13)

Except as authorized by the Department of Treasury's Office of Foreign Assets Control (OFAC), the Subcontractor shall not acquire for its use in the performance of this subcontract, any supplies or services if any proclamation, U.S. Executive Order, U.S. statute, or OFAC's implementing regulations (31 CFR Chapter V), would prohibit such a transaction by a U.S. person, as defined by law.

Except as authorized by OFAC, most transactions involving Cuba, Iran, North Korea, and Syria are prohibited, including importing/exporting to/from the United States, engaging in financial transactions, or facilitating any prohibited transactions by third parties. Lists of entities and individuals subject to economic sanctions – which are updated routinely - are included in OFAC's List of Specially Designated Nationals and Blocked Persons at <https://home.treasury.gov/policy-issues/financial-sanctions/specially-designated-nationals-and-blocked-persons-list-sdn-human-readable-lists>.

It is the Subcontractor's responsibility to remain informed as to sanctioned parties and to ensure compliance with all relevant U.S. sanctions and trade restrictions. More information about these restrictions, as well as updates, is available in the OFAC's regulations at 31 CFR Chapter V and/or on OFAC's website at <https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information>. The Subcontractor shall insert this clause, including this paragraph, in all subcontracts and subawards issued under this subcontract.

SECTION U. COMPLIANCE WITH U.S. EXPORT LAWS

Subcontractor warrants and agrees to comply with all U.S. export laws and regulations and other applicable U.S. law and regulations, including but not limited to: (i) the Arms Export Control Act (AECA), 22 U.S.C. 2778 and 2779; (ii) Trading with the Enemy Act (TWEA), 50 U.S.C. App. §§ 1-44; (iii) International Traffic in Arms Regulations (ITAR), 22 C.F.R. Parts 120-130.; (iv) Export Administration Act (EAA) of 1979 and the Export Administration Regulations (EAR) 15 C.F.R. Parts 730-774, (including the EAR anti-boycott provision); (v) the International Emergency Economic Powers Act (IEEPA), 50 U.S.C. 1701-1706 and Executive Orders of the President under IEEPA, 50 U.S.C. app. §§ 2401-2420; (vi) Office of Foreign Asset Controls (OFAC) Regulations, 31 C.F.R. Parts 500-598; and (vii) other applicable U.S. laws and regulations.

As required, subject to Chemonics' prior approval for all exports or imports under the Subcontract, Subcontractor shall determine any export license, reporting, filing or other requirements, obtain any export license or other official authorization, and carry out any customs formalities for the export of goods or services. Subcontractor agrees to cooperate in providing any reports, authorizations, or other documentation related to export compliance requested by Chemonics. Subcontractor agrees to indemnify, hold harmless and defend Chemonics for any losses, liabilities and claims, including as penalties or fines as a result of any regulatory action taken against Chemonics as a result of Subcontractor's non-compliance with this provision.

SECTION V. COMPLIANCE WITH U.S. ANTI-CORRUPTION REGULATIONS

Subcontractor represents and warrants that it shall comply fully with the anti-bribery provisions of the U.S. Foreign Corrupt Practices Act, as amended ("FCPA"), as well as the a) UN Convention against Corruption (UNCAC), b) OECD Convention on the Bribery of Foreign Public Officials (OECD Convention); and c) any other applicable local anti-corruption laws, rules, and regulations if any part of this subcontract will be performed outside of the United States of America. Specifically, Subcontractor understands and agrees that it shall be unlawful for the Subcontractor and/or any officer, director, employee or agent of the Subcontractor to make any kind of offer, payment, promise to pay, or authorization of the payment of any money, or offer, gift, promise to give, or authorization of the giving of anything of value to:

- (a) *any foreign official* (or foreign political party) for purposes of either influencing any act or decision of such foreign official in his official capacity, or inducing such foreign official to do or omit to do any act in violation of the lawful duty of such official, or securing any improper advantage, or inducing such foreign official to use his influence with a foreign government, or instrumentality thereof, to affect or influence any act or decision of such government or instrumentality in order to assist such person in obtaining or retaining business for or with, or directing business to any person; or
- (b) *any person*, while knowing that all or a portion of such money or thing of value will be offered, given, or promised, directly or indirectly, to any foreign official (or foreign political party), or to any candidate for foreign political office, for any of the prohibited purposes described above.

For purposes of this Subcontract "foreign official" means any appointed, elected, or honorary official or employee of a) a foreign government (or if this Subcontract is to be performed outside the United States than of the Host Country) or political party, or b) of a public international organization, or any person acting in an official capacity for or on behalf of any such government or department, agency, or instrumentality, or for or on behalf of any such public international organization (e.g., the UN, DFID, or WHO, or the World Bank).

For purposes of this Article, the "government" includes any agency, department, embassy, or other governmental entity, and any company or other entity owned or controlled by the government.

SECTION W. SUBCONTRACTOR PERFORMANCE STANDARDS

(a) Subcontractor agrees to provide the services required hereunder in accordance with the requirements set forth in this Subcontract. Subcontractor undertakes to perform the services hereunder in accordance with the highest standards of professional and ethical competence and integrity in Subcontractor's industry and to ensure that employees assigned to perform any services under this subcontract will conduct themselves in a manner consistent therewith. The services will be rendered by Subcontractor: (1) in an efficient, safe, courteous, and businesslike manner; (2) in accordance with any specific instructions issued from time to time by Chemonics; and (3) to the extent consistent with items (1) and (2), as economically as sound

business judgment warrants. Subcontractor shall provide the services of qualified personnel through all stages of this subcontract. Subcontractor represents and warrants that it is in compliance with all the applicable laws of the United States and any other Jurisdiction in which the services shall be performed. Subcontractor shall perform the services as an independent Subcontractor with the general guidance of Chemonics. The Subcontractor's employees shall not act as agents or employees of Chemonics.

(b) Chemonics reserves the right to request the replacement of Subcontractor personnel and may terminate the subcontract due to nonperformance by the Subcontractor.

(c) Chemonics will use a variety of mechanisms to stay abreast of the Subcontractor's performance under the subcontract, and of general progress toward attainment of the subcontract objectives. These may include:

- 1) Business meetings between the subcontract team, Chemonics and/or USAID
- 2) Feedback from key partners
- 3) Site visits by Chemonics personnel
- 4) Meetings to review and assess periodic work plans and progress reports
- 5) Reports

[INSTRUCTIONS (*delete after reading*): Paragraph (d) below should be included in all US subcontracts. Include in local subcontracts only if we intend to complete an evaluation for the subcontractor. Otherwise, the following paragraph (d) should be deleted.]

(d) Evaluation of the Subcontractor's overall performance under this subcontract shall be conducted by Chemonics. In addition to review of Subcontractor reports and deliverables, Chemonics shall review the quality of Subcontractor performance under this subcontract on an annual basis. These reviews will be used to help determine the Subcontractor's suitability for future subcontracts. The Subcontractor will be evaluated for:

Quality and timeliness of work. Provides personnel who are technically qualified, who foster a positive working environment, who are effective on the assignment and contribute to a team effort to accomplish tasks. Delegated tasks are completed in a timely manner. Reports are clear, concise, accurate, well-structured, easily comprehended, submitted on-time and contain actionable recommendations.

Responsiveness to Chemonics' requests. Maintains open, direct, and responsive communications channels with Chemonics. Responses are rapid, helpful, accurate, and without undue delays.

Quality of financial management. Demonstrates cost control in meeting subcontract requirements. Complies with federal acquisition cost principles in terms of allowability, allocability and reasonableness of costs.

Quality of subcontract administration. Conducts contractually required tasks, such as personnel management, submittal of approval requests, and invoice submission, in a timely, compliant, and accurate manner. Recruitment efforts go beyond a simple review of CVs before submission to Chemonics to include first-hand contacts with candidates and performing reference checks.

SECTION X. SUBCONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS

This Subcontract and Subcontractor employees working on this subcontract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L.112-239) and FAR 3.908.

The Subcontractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

If lower tier subcontracting is authorized in this subcontract, the Subcontractor shall insert the substance of this clause in all subcontracts over the simplified acquisition threshold.

SECTION Y. REPORTING ON SUBCONTRACTOR DATA PURSUANT TO THE REQUIREMENTS OF THE FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT

(a) Public Availability of Information.

Pursuant to the requirements of FAR 52.204-10, Chemonics is required to report information regarding its award of subcontracts and sub-task orders under indefinite delivery/indefinite quantity subcontracts to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). This information will be made publicly available at <http://www.USASpending.gov>.

(b) Subcontractor's Responsibility to Report Identifying Data.

Within 7 days of an award of a subcontract or sub-task order with a value of \$30,000 or greater unless exempted, the Subcontractor shall report its identifying data required by FAR 52.204-10 (including executive compensation, if applicable) in the required questionnaire and certification found in Section FF.A.17. If the Subcontractor maintains a record in the System for Award Management (<https://sam.gov/SAM/>), the Subcontractor shall keep current such registration, including reporting of executive compensation data, as applicable. If reporting of executive compensation is applicable and the Subcontractor does not maintain a record in the System for Award Management, Subcontractor shall complete the "FSRS Reporting Questionnaire and Certification" found in Section FF.A.17 within 7 days of each anniversary of the subcontract award date.

(c) Impracticality of Registration.

If obtaining a UEI number and reporting data is impractical for the Subcontractor, the Subcontractor must notify Chemonics and shall submit to Chemonics within 7 days of subcontract award a memorandum detailing the attempts made by the Subcontractor to obtain registration and a justification of why registration and/or data reporting was impractical. Contractual remedies may apply unless Chemonics concurs with the documented impracticality of registration.

(d) Remedy.

Failure to comply with the reporting requirements in a timely manner as required under this section may constitute a material breach of the Subcontract and cause for withholding payment to the Subcontractor until the required information has been supplied to Chemonics or the Subcontractor demonstrates to Chemonics that its System for Award Management record has been updated. In addition to contractual remedies, Chemonics may make the Subcontractor's failure to comply with the reporting requirements a part of the Subcontractor's performance information record.

SECTION Z. SECURITY

[NOTE to the PMU: Review the prime contract or RFP and if it includes any safety, security, duty of care, or assumption of liability language, please include those as flow down clauses in the subcontract. Please consult the SMU and Contracts when you make those changes or if you have questions about how to determine if the prime contract or RFP contains sections that need to be flowed down. Further, if Chemonics is going to provide security resources for subcontractor staff, please consult with the Global

Safety and Security Department (GSSD) as PMUs and project offices are not authorized to provide security resources for subcontractors on their own and additional clauses will be required.]

(a) Operating Conditions – Assumption of the Risk

Performance of this Subcontract may involve work under dangerous and austere conditions that include, without limitation, social and political unrest, armed conflict, criminal and terrorist activity, unsanitary conditions and limited availability of health care. The Subcontractor warrants that it has assessed and evaluated the location of performance and nature of the work including, without limitation, local laws, regulations, operational and security conditions and assumes all risks of performance including injury to Subcontractor personnel and loss of damage to Subcontractor property, except as expressly provided herein.

(b) Access to Chemonics’ Facilities – Security Requirements

Subcontractor’s access to property under Chemonics’ control is subject to compliance with Chemonics’ security requirements. The Subcontractor agrees to provide all necessary information required for employees to be cleared for access to Chemonics’ facilities. When present on Chemonics’ property, or when Chemonics is providing transportation, the Subcontractor agrees that its employees will comply with Chemonics’ security-related procedures and directions. **Failure to adhere to security procedures may lead to an immediate suspension of work, corrective action, or termination of the subcontract.**

(c) Security Coordination, Reports of Security Threats and Incidents

The Subcontractor agrees to reasonably cooperate and coordinate with Chemonics to ensure the safety and security of personnel, property and project assets. Such coordination shall include providing information concerning Subcontractor’s security platform for facilities that may be visited by Chemonics personnel, USAID, or other participants in the project.

The Subcontractor shall report, as soon as possible (in any case no later than 4 hours), any information concerning threats of actions that could result in injury persons, damage to property, or disruption to activities relating to the Subcontract (“Security Threats”). Security Threats must be reported to Chemonics Chief of Party or their designee.

The Subcontractor shall promptly report as “Security Incidents” any assault, damage, theft, sabotage, breach of secured facilities, and any other hostile or unlawful acts designed to cause harm to personnel, property, or activities relating to the Subcontract. Such reports must include, at a minimum, (a) date, time and place of the location, (b) description of the events, (c) injuries to personnel or damage/loss of property, (d) witnesses, (e) current security assessment, and (f) other relevant information. Security Incident Reports must be sent to Chief of Party or their designee.

INSTRUCTIONS: Please include the following clause in the subcontract, Standard Expanded Security if you are subcontracting with a firm or company that will have access to Chemonics files. For example, this clause must be used if the project will be exchanging personal information such as names, email or physical addresses, etc. with that firm OR b) if the firm will be granted access to Chemonics’ SharePoint files, project files, or other access similar to the one granted to Chemonics employees. If you are not certain whether this clause applies to this subcontract, contact the applicable Contracts team.

SECTION AA. STANDARD EXPANDED SECURITY

The Subcontractor shall be responsible for initiating, undertaking and supervising all safety and security precautions and programs in connection with the services to be provided pursuant to this Subcontract. The Subcontractor shall undertake affirmative actions to assure that adequate safety and security precautions and programs are implemented in all phases of performing services, production, control and distribution including by way of example but not limited to: (i) electronic data processing and information systems, (ii)

physical security of plant, production, records and inventory, (iii) production control and control of inventory, (iv) control of distribution systems and (v) control of labor, including employees and officers of the Subcontractor, agents, contract or temporary employees and subcontractors. The Subcontractor shall comply with all applicable laws, rules, regulations and orders of any public authority having jurisdiction for the safety of persons or property. The direction, advice or input by Chemonics with respect to security precautions and programs in connection with the services to be provided shall not relieve the Subcontractor of the responsibility for establishing and maintaining such security precautions.

The Subcontractor shall implement and maintain adequate information security measures to protect against unauthorized access to or use of Users' Data in accordance with the Gramm-Leach-Bliley Act, as it may be amended, and any regulations promulgated thereunder, including without limitation: (i) access controls on information systems, including controls to authenticate and permit access only to authorized individuals and controls to prevent employees from providing Users' Data to unauthorized individuals who may seek to obtain this information through fraudulent means; (ii) access restrictions at physical locations containing Users' Data, such as buildings, computer facilities, and records storage facilities to permit access only to authorized individuals; (iii) encryption of electronic Users' Data where unauthorized individuals may reasonably foreseeably have access; (iv) procedures designed to ensure that information system modifications are consistent with the information security measures; (v) dual control procedures, segregation of duties, and employee background checks for employees with responsibilities for or access to Users' Data; (vi) monitoring systems and procedures to detect actual and attempted attacks on or intrusions into information systems; (vii) response programs that specify actions to be taken when the Subcontractor detects unauthorized access to information systems, including immediate reports to Chemonics; (viii) measures to protect against destruction, loss or damage of Users' Data due to potential environmental hazards, such as fire and water damage or technological failures; (ix) training of staff to implement the information security measures; (x) regular testing of key controls, systems and procedures of the information security measures by independent third parties or staff independent of those that develop or maintain the security measures; and (xi) reporting to Chemonics on the results of its audit evaluations of the Subcontractor's information security systems and procedures.

The Subcontractor will provide documentation of its security measures in form satisfactory to Chemonics as part of audit obligations under this subcontract. If the Subcontractor becomes aware of any unauthorized access to or unauthorized use of Chemonics's data by a person (other than Chemonics, its affiliates, any of their respective employees or any of their other agents (i.e., an agent that is not the Subcontractor or an agent of the Subcontractor) accessing such systems through the service provider or its agents or has reason to believe that such unauthorized access or use will occur, the Subcontractor will promptly at its expense: (i) notify Chemonics in writing; (ii) investigate the circumstances relating to such actual or potential unauthorized access or use; (iii) take commercially reasonable steps to mitigate the effects of such actual or potential unauthorized access or use and to prevent any reoccurrence.

SECTION BB. MISCELLANEOUS

- (a) This Subcontract embodies the entire agreement and understanding among the parties hereto with respect to the subject matter hereof and supersedes all prior oral or written agreements and understandings between or among the parties relating to the subject matter hereof. No statement, representation, warranty, covenant, or agreement of any kind not expressly set forth in this Subcontract shall affect, or be used to interpret, change, or restrict the express terms and provisions of this Subcontract. Each of the parties hereto agrees to cooperate with the other parties hereto in effectuating this Subcontract and to execute and deliver such further documents or instruments and to take such further actions as shall be reasonably requested in connection therewith.

- (b) All statements, representations, warranties, covenants, and agreements in this Subcontract shall be binding on the parties hereto and shall inure to the benefit of the respective successors and permitted assigns of each Party hereto. Nothing in this Subcontract shall be construed to create any rights or obligations except among the parties hereto, and no person or entity shall be regarded as a third-party beneficiary of this Subcontract.
- (c) In the event that any court of competent jurisdiction shall determine that any provision, or any portion thereof, contained in this Subcontract shall be unenforceable or invalid in any respect, then such provision shall be deemed limited to the extent that such court deems it valid or enforceable, and as so limited shall remain in full force and effect. In the event that such court shall deem any such provision partially or wholly unenforceable, the remaining provisions of this Subcontract shall nevertheless remain in full force and effect.
- (d) The headings and captions contained in this Subcontract are for convenience only and shall not affect the meaning or interpretation of this Subcontract or of any of its terms or provisions.
- (e) Unless otherwise specifically agreed in writing to the contrary: (i) the failure of any party at any time to require performance by the other of any provision of this Subcontract shall not affect such party's right thereafter to enforce the same; (ii) no waiver by any party of any default by any other shall be valid unless in writing and acknowledged by an authorized representative of the non-defaulting party, and no such waiver shall be taken or held to be a waiver by such party of any other preceding or subsequent default; and (iii) no extension of time granted by any party for the performance of any obligation or act by any other party shall be deemed to be an extension of time for the performance of any other obligation or act hereunder.
- (f) Each party has been represented by its own counsel in connection with the negotiation and preparation of this Subcontract and, consequently, each party hereby waives the application of any rule of law that would otherwise be applicable in connection with the interpretation of this Subcontract, including but not limited to any rule of law to the effect that any provision of this Subcontract shall be interpreted or construed against the party whose counsel drafted that provision.
- (g) This Agreement may be executed in any number of counterparts, and by different parties hereto on separate counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

[Instruction to Chemonics staff: Inform the subcontractor before awarding the subcontract that the DBA clause is in the subcontract, that they are held to it, and that you will be asking them at the time of awarding a Sub-Task Order of any type (within one week if possible) to provide you with documentation that they have purchased DBA insurance for their staff working on this project. Within one week of awarding the Sub-Task Order (of any type), follow up with the subcontractor to secure documentation confirming that the subcontractor has purchased DBA insurance. The documentation should be saved to your files as a record.]

SECTION CC. INSURANCE REQUIREMENTS

Prior to starting work, the Subcontractor at its own expense, shall procure and maintain in force, on all Its operations, insurance in accordance with the clause listed below.

The policies of insurance shall be in such form and shall be issued by such company or companies as may be satisfactory to Chemonics. Upon request from Chemonics, the Subcontractor shall furnish Chemonics

with certificates of insurance from the insuring companies which shall specify the effective dates of the policies, the limits of liabilities there under, and contain a provision that the said insurance will not be canceled except upon thirty (30) days' notice in writing to Chemonics. The Subcontractor shall not cancel any policies of insurance required hereunder either before or after completion of the work without written consent of Chemonics.

(a) FAR 52.228-3 WORKER'S COMPENSATION INSURANCE (DEFENSE BASE ACT INSURANCE) (Jul 2014) [Updated by AAPD 05-05 — 02/12/04]

The Subcontractor shall (a) provide, before commencing performance under this subcontract, such workers' compensation or security as the Defense Base Act (DBA) (42 U.S.C. 1651, et seq.) requires and (b) continue to maintain it until performance is completed. The Subcontractor shall insert, in all lower-tier subcontracts authorized by Chemonics under this subcontract to which the Defense Base Act applies, a clause similar to this clause imposing upon those lower-tier subcontractors this requirement to comply with the Defense Base Act.

(b) AIDAR 752.228-3 WORKERS' COMPENSATION (DEFENSE BASE ACT) [Updated by AAPD 22-01- 6-10-22]

As prescribed in AIDAR 728.308, the following supplemental coverage is to be added to the clause specified in FAR 52.228-3.

(b)(1) The Subcontractor agrees to procure DBA insurance pursuant to the terms of the contract between USAID and USAID's DBA insurance carrier unless the Subcontractor has a DBA self-insurance program approved by the U.S. Department of Labor or has an approved retrospective rating agreement for DBA.

(b)(2) If USAID or Subcontractor has secured a waiver of DBA coverage (See AIDAR 728.305-70(a)) for Subcontractor's employees who are not citizens of, residents of, or hired in the United States, the Subcontractor agrees to provide such employees with worker's compensation benefits as required by the laws of the country in which the employees are working, or by the laws of the employee's native country, whichever offers greater benefits.

(b)(3) The Subcontractor further agrees to insert in all lower-tier subcontracts hereunder to which the DBA is applicable a clause similar to this clause, including the sentence, imposing on all lower-tier subcontractors authorized by Chemonics a like requirement to provide overseas workmen's compensation insurance coverage and obtain DBA coverage under the USAID requirements contract.

(b)(4) Contractors must apply for coverage directly to Starr Indemnity & Liability Company through its agent, Marsh McLennan Agency (MMA), using any of the following methods:

1. **Website.** There is a website with the option to print a PDF application form and submit it or complete an online application. The link to the website is:

For instructions on the required application form and submission requirements, please refer to [AAPD 22-01](#). Pursuant to AIDAR 752.228-70, medical evacuation is a separate insurance requirement for overseas performance of USAID funded subcontracts; the Defense Base Act insurance does not provide coverage for medical evacuation. The costs of DBA insurance are allowable and reimbursable as a direct cost to this Subcontract.

Before starting work, the offeror must provide Chemonics with a copy of the DBA coverage policy that covers each of its employees.

(c) AIDAR 752.228-70 Medical Evacuation Services (MEDEVAC) Services (JULY 2007) [Updated by AAPD 06-01].

(1) The Subcontractor shall provide MEDEVAC service coverage to all U.S. citizen, U.S. resident alien, and Third Country National employees and their authorized dependents (hereinafter "individual") while overseas under a USAID-financed direct contract. Chemonics will reimburse reasonable, allowable, and allocable costs for MEDEVAC service coverage incurred under this subcontract. The USAID Contracting Officer through Chemonics will determine the reasonableness, allowability, and allocability of the costs based on the applicable cost principles and in accordance with cost accounting standards.

(2) Exceptions:

(i) The Subcontractor is not required to provide MEDEVAC insurance to eligible employees and their dependents with a health program that includes sufficient MEDEVAC coverage as approved by Chemonics.

(ii) The USAID Mission Director through Chemonics, may make a written determination to waive the requirement for such coverage. The determination must be based on findings that the quality of local medical services or other circumstances obviate the need for such coverage for eligible employees and their dependents located at post.

(3) If authorized to issue lower-tier subcontracts, the Subcontractor shall insert a clause similar to this clause in all lower-tier subcontracts that require performance by subcontractor employees overseas.

SECTION DD. FEDERAL ACQUISITION REGULATION (FAR) AND AGENCY FOR INTERNATIONAL DEVELOPMENT ACQUISITION REGULATION (AIDAR) FLOWDOWN PROVISIONS FOR SUBCONTRACTS AND TASK ORDERS UNDER USAID PRIME CONTRACTS

DD.1 INCORPORATION OF FAR AND AIDAR CLAUSES

The FAR and AIDAR clauses referenced below are incorporated herein by reference, with the same force and effect as if they were given in full text, and are applicable, including any notes following the clause citation, to this Subcontract. If the date or substance of any of the clauses listed below is different from the date or substance of the clause actually incorporated in the Prime Contract referenced by number herein, the date or substance of the clause incorporated by said Prime Contract shall apply instead. The Contracts Disputes Act shall have no application to this Subcontract. Any reference to a "Disputes" clause shall mean the "Disputes" clause of this Subcontract.

DD.2 GOVERNMENT SUBCONTRACT

(a) This Subcontract is entered into by the parties in support of a U.S. Government contract.

(b) As used in the AIDAR clauses referenced below and otherwise in this Subcontract:

1. "Commercial Item" means a commercial item as defined in FAR 2.101.
2. "Contract" means this Subcontract.
3. "Contracting Officer" shall mean the U.S. Government Contracting Officer for Chemonics' government prime contract under which this Subcontract is entered.
4. "Contractor" and "Offeror" means the Subcontractor, which is the party identified on the face of the Subcontract with whom Chemonics is contracting, acting as the immediate subcontractor to Chemonics.
5. "Prime Contract" means the contract between Chemonics and the U.S. Government.
6. "Subcontract" means any contract placed by subcontractor or lower-tier subcontractors under this Contract.

DD.3 NOTES

The following notes apply to the clauses incorporated by reference below only when specified in the parenthetical phrase following the clause title and date.

1. Substitute "Chemonics" for "Government" or "United States" throughout this clause.
2. Substitute "Chemonics Procurement Representative" for "Contracting Officer", "Administrative Contracting Officer", and "ACO" throughout this clause.
3. Insert "and Chemonics" after "Government" throughout this clause.
4. Insert "or Chemonics" after "Government" throughout this clause.
5. Communication/notification required under this clause from/to Subcontractor to/from the USAID Contracting Officer shall be through Chemonics.
6. Insert "and Chemonics" after "Contracting Officer", throughout the clause.
7. Insert "or Chemonics Procurement Representative" after "Contracting Officer", throughout the clause.
8. If the Subcontractor is a non-U.S. firm or organization, this clause applies to this Subcontract only if Work under the Subcontract will be performed in the United States or Subcontractor is recruiting employees in the United States to Work on the Contract.

DD.4 MODIFICATIONS REQUIRED BY PRIME CONTRACT

The Subcontractor agrees that upon the request of Chemonics it will negotiate in good faith with Chemonics relative to modifications to this Subcontract to incorporate additional provisions herein or to change provisions hereof, as Chemonics may reasonably deem necessary in order to comply with the provisions of the applicable Prime Contract or with the provisions of modifications to such Prime Contract. If any such modifications to this Subcontract causes an increase or decrease in the cost of, or the time required for, performance of any part of the Work under this Contract, an equitable adjustment may be made pursuant to the "Changes" clause of this Subcontract.

DD.5 PROVISIONS INCORPORATED BY REFERENCE

This Subcontract includes the appropriate flow-down clauses as required by the Federal Acquisition Regulation and the USAID Acquisition Regulation.

The following Federal Acquisition Regulation (FAR) clauses apply to this Subcontract as indicated:
